She Visits the California Loan Office; Praises Gems

(BY BONNIE BURR.)

As a person of the world, I think I have found a way to end the contest without really aiding you in your search and one that will please all concerned.

OAKLAND TRIBUNE never expected the place to last this long. Adopting a suggestion made by the management, I believe I have found a solution to a problem that has begun to puzzle me at the newspaper office.

If you have not captured me by Friday noon I will appear at Ye Liberty Playhouse on both Friday and Saturday nights undressed so that all participants in the search may study me.

There has been some criticism on account of my wearing a veil on the day of my arrival, when I greeted Oaklanders in front of the new City Hall. I will appear without a veil just as my natural self and address you from the stage. There is no more embarrassing study than the law of evolution.

Occultists believe that everything from the most infinitesimal grain of sand, to man, the highest visible manifestation of the Divine, is animated with soul force, a spark emanating from God, the source of all good.

It is pretty, the ancient wisdom. The theory is that the soul evolves from the humblest of God's creations and that evolution is almost limitless. It does not cease with God's earthly masterpiece, man, but continues in another world peopled with glorious beings beyond range of our gross vision. It is a pretty belief that helps toward a greater appreciation of nature's beauties.

I never see a magnificent tree, a lovely flower, a beautiful gem, without remembering the great belief that it contains a spark from the Divine.

GEMS OF RAREST RAY.

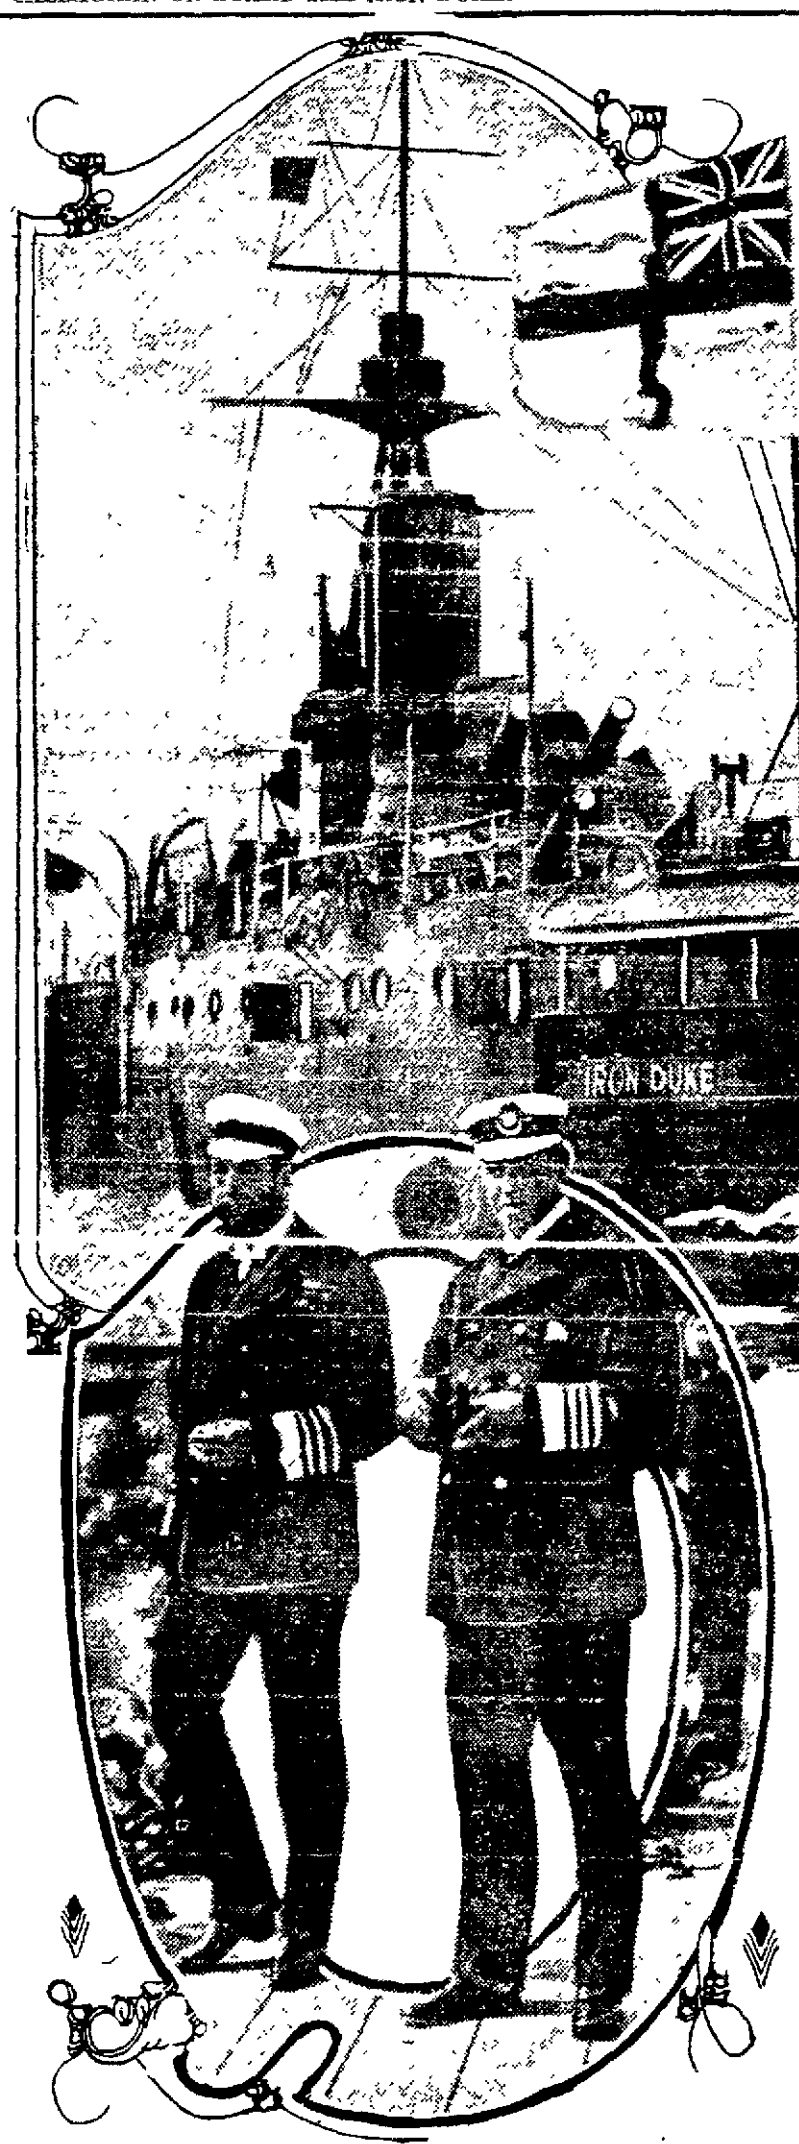

Especially I love to look at jewels which represent the highest development of the mineral kingdom. The scintillating beauty of the diamond, the flash of fire from the ruby, the living green of the emerald seem to reveal their bit of shining beauty.

It would be well if every body could possess at least one jewel—his favorite stone to act as a talisman in life, for jewels bring the highest form that minerals attain, have the power of reflecting and retaining impressions in a greater degree than any other object. They are vigorous centers of magnetic influence, radiating impressions from the wearer.

Every day that I have been in Oakland I think I have looked in the big show windows of the California Loan Office at Ninth and Broadway. They are always arranged with artistic effect, showing gems of rare beauty and jewelry in the newest and handsomest designs. The firm is noted for its fine diamonds, set and unset, and perfect gems of all kinds. They carry the largest stock of diamonds on the Pacific Coast, which have

GERMANY REPLIES TO ENGLAND

LONDON, Aug. 4.—Germany's reply to Sir Edward Grey's speech indicating the British attitude in connection with the violation of Belgian territory by Germany was a second ultimatum from Berlin to Brussels.

Germany was prepared to carry through her plans by force of arms if necessary. Definite announcement of Great Britain's intentions under this grave affront was expected in the House of Commons this afternoon. In the meantime John Burns has resigned from the British cabinet and Viscount Morley's absence from his post today indicated that this other strong peace advocate had also determined to leave his colleagues. Diplomatic relations had already been severed last night between Germany and France and the German

U. S. CRUISER TO RESCUE TOURISTS

WASHINGTON, Aug. 4.—The armored cruiser Tennessee will sail from New York at 8 p. m. tomorrow with between \$5,000,000 and \$8,000,000 in gold for Americans in Europe. The sources from which all the gold will be taken had not been fully determined today, but will be arranged at further conferences between officials and New York bankers. A navy paymaster will go in charge.

of the treasure. Assistant Secretary Breckinridge of the war department and a representative of the American Red Cross will also sail on the Tennessee. Congress is to be asked immediately.

Situation in Brief

France declares war on Germany. Great Britain sent a virtual ultimatum to Germany demanding a reply by midnight tonight on the subject of Belgian neutrality.

King George today proclaimed the mobilization of the British army and the reading of the proclamation was cheered by huge crowds in London.

President Wilson proclaims neutrality of the United States.

A Russian warship went aground on the Aland islands after a naval battle between Russian and German fleets.

The German "White Book" throws responsibility of war on Russia and France.

German troops have penetrated French territory near Mar-la-Tour, scene of a bloody battle in 1870. General Joffre, French commander-in-chief, at once left for the front.

Austrian troops are reported to have been defeated with heavy loss by the Serbs.

German army aviators dropped bombs last night on the French fortress of Lunerville, causing little damage and no loss of life.

Japan officially declares she may join the war if England be involved in the Far East.

British Hurl Ultimatum at Teutons, Demanding Intentions as to Belgium; Austrian Troops Meet Defeat at the Hands of Serbs

LONDON, Aug. 4.—Great Britain today sent a practical ultimatum to Germany demanding a satisfactory reply by midnight tonight on the subject of Belgian neutrality.

A proclamation by King George commanding the mobilization of the British army was read from the steps of the Royal Exchange, and a huge crowd cheered and sang the British national anthem.

Japan Will Fight at England's Side

TOKIO, Aug. 4.—The Japanese foreign office today issued a statement that if war extends to the Far East and England is involved in it, Japan may find it necessary to participate in the fulfillment of the Anglo-Japanese alliance.

President Wilson Proclaimed U. S. Neutrality

WASHINGTON, D. C., Aug. 4.—President Wilson today issued a proclamation of neutrality.

U. S. NEUTRALITY PROCLAIMED BY PRESIDENT

WASHINGTON, Aug. 4.—The proclamation of neutrality of the United States in the European war was issued today as follows:

"By the President of the United States of America, a proclamation:

"Whereas, a state of war unhappily exists between Austria-Hungary and Serbia and between Germany and Russia and between Germany and France, and whereas, the United States is on terms of friendship and amity with the contending powers and with the persons inhabiting their several dominions.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, in order to preserve the neutrality of the United States and of its citizens and of persons within its territory and jurisdiction and to enforce its laws and treaties and in order that all persons, being warned of the general tenor of the laws and treaties of the United States in this behalf and of the law of nations, may thus be prevented from any violation of the same, do hereby declare and proclaim that by certain provisions of the act approved on the 4th day of March, A. D. 1909, commonly known as the Penal Code of the United States, the following acts are forbidden to be done, under severe penalties, within the territory and jurisdiction of the United States, to-wit:—

The prohibited acts then enumerated by the proclamation include:

"Accepting any commission to serve any of the belligerents, enlisting or entering the service of any of the belligerents or hiring vessels for service in the war, or fitting out ships or increasing the force of any ship of war for the belligerents, aiding any military acceptance from the territory of the United States against the territories of either of the belligerents."

France Declares War on Germany

PARIS, Aug. 4.—The French Minister of War today issued the following note:

"The German Ambassador has obtained his passports and diplomatic relations between France and Germany have been broken off. War is declared.

"The first act of the Germans, according to information from a positive source to the Minister of War, was to execute M. Samain, former president of the French War Society, who lived in Metz and to imprison all the members of that society."

WAR ON BELGIUM, IS RUMOR

BRUSSELS, Aug. 4.—Rumors were in circulation today that Germany had actually declared war on Belgium.

German troops crossed the frontier at Gemmenieh, near the junction of the Dutch, Belgian and German frontiers.

A special train carrying all the securities of the National Bank of Belgium left here for Antwerp during the night.

GERMANY AGAIN THREATENS BELGIUM

LONDON, Aug. 4.—A second ultimatum sent by Germany to Belgium declared that Germany was prepared to carry through by force of arms if necessary any measures she considered essential.

Germany's second ultimatum was delivered

JUSTICE BEATTY DIES

SAN FRANCISCO, Aug. 4.—Senator Justice William H. Beatty died shortly after 2 o'clock this afternoon. He was in his 77th year and had been active on the bench up to the time of his death, although having suffered for the past six months. At his bedside when the end came were his widow and his son. Death was due to arteriosclerosis of the heart and kidneys.

by the German minister in Brussels late last night as the reply of Germany to the refusal of Belgium to accede to Germany's first ultimatum.

AUSTRIAN TROOPS DEFEATED

PARIS, Aug. 4.—A dispatch from Nish, Serbia to the Matin says the Austrian troops were defeated with heavy losses in a battle against the Servians on Sunday near Semendria.

The regiments of Austrian infantry, comprising nearly 10,000 men, supported by heavy artillery, advanced against the Servians, but were repulsed, leaving many of their number dead and wounded on the field. A large force of Austrian troops, aided by a flotilla of 20 monitors, has been trying for the last six days to get over the river Save into Servian territory, but has not succeeded in landing.

GERMANS BOMBARD NAVAL STATION

LONDON, Aug. 4.—The German cruiser Breslau bombarded the French naval station of Bona, Algiers, at 4 o'clock this morning, afterward steaming off at full speed in a westerly direction, according to a dispatch received at the French embassy here.

GERMAN AEROPLANE DROPS BOMBS

PARIS, Aug. 4.—A German army aeroplane last evening dropped three bombs on the French fortified town of Lunerville, to the southeast of Nancy. Some property damage was caused, but there were no casualties.

GERMANS INVADE BELGIAN TERRITORY

LONDON, Aug. 4.—German troops today made a further invasion of Belgian territory, near Verviers to the east of Liege, according to a dispatch to the French embassy here from the French legation at Brussels.

RUSSIAN GUARDS ARE DRIVEN BACK.

BERLIN, Aug. 4.—A body of Russian frontier guards from Krottinger was driven back yesterday by a part of the garrison of the German seaport of Memel, the most northerly town in German territory.

\$525,000,000 FOR WAR CHEST.

LONDON, Aug. 4.—The House of Commons today voted \$525,000,000 for emergency purposes and passed several bills in five minutes without a dissenting vote.

RUSSIAN WARSHIP GOES ASHORE.

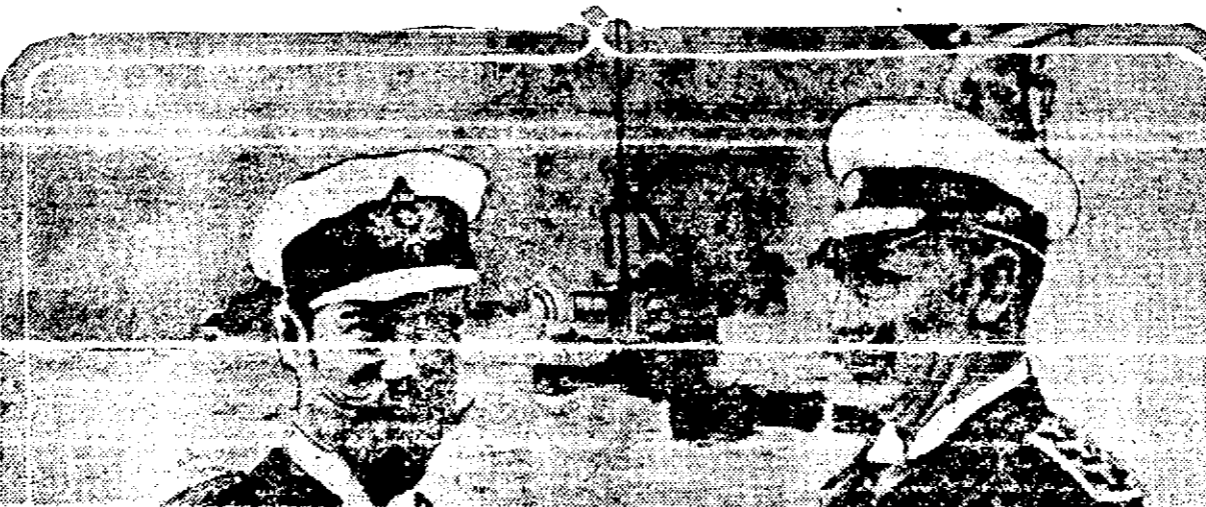

COPENHAGEN, Aug. 4.—A Russian warship is aground at Aland islands. It is said to be the Andrsi Parvosvannyi, a battleship of 17,400 tons, laid down in 1903.

A dispatch from Stockholm yesterday said that the Russians had been defeated in a naval engagement off the Aland islands, the Russian vessels later taking refuge in the Gulf of Finland.

DIRIGIBLES THREATEN BELGIUM.

BRUSSELS, Aug. 4.—The French minister has informed the Belgian government that three German dirigibles were observed

THE CENTRAL FIGURES IN THE GREAT EUROPEAN CRISIS ARE THE CZAR OF RUSSIA AND THE EMPEROR OF GERMANY. THIS PICTURE OF THEM WAS MADE ON BOARD THE "HOHENZOLERN," THE KAISER'S YACHT, WHEN THE CZAR WAS VISITING THE GERMAN MONARCH.

U. S. MAY OFFER TO MEDIATE

WASHINGTON, D. C., Aug. 4.—A resolution directing President Wilson to approach the warring nations of Europe with an offer of good offices of this government was introduced today by Senator McCumber and referred to the committee on foreign relations. He will ask for a favorable report tomorrow.

tonight flying towards Brussels, having invaded Belgian territory.

GERMANY TO SPEND OVER BILLION.

BERLIN, Aug. 4.—A bill was introduced into the German Imperial Parliament today providing for the appropriation of \$1,250,000,000 to meet the expenses of the war.

PARIS, Aug. 4.—General Joseph Joffre, commander-in-chief of the French army, left Paris today for the frontier.

GERMANS IN FRANCE.

LONDON, Aug. 4.—Germans have penetrated French territory at two points. They first entered Longville, in the department of Meurthe-et-Moselle, a part of old Lorraine, near Longwy, and later invaded Crey Sur Vezouzi, in the same department. The German entry into the duchy of Luxembourg was headed by thirty-five automobiles filled with officers, these being followed by cavalry in force.

Several fresh violations of French territory by German troops were reported today. Detachments visited outlying farms at Luput, North Belgium, and repossessed cattle. German troops continued throughout the night to harry the French outposts along the frontier by making numerous raids into French territory. The French, however, refused to be drawn beyond the six-mile zone left unoccupied along the frontier.

KAISER'S ARMY CROSS.

LONDON, Aug. 4.—Germany now is upon the Russian border. German troops from Lubitz yesterday entered the enemy's country, occupying the cities of Czestochowa, Bendzin and Kalia.

On the eastern frontier only small cavalry skirmishes have taken place so far. Johannsburg, which is occupied by a squadron of dragoons, was attacked by 800 Russians last night. The railroad between Johannsburg and Lick has been attacked near Gitten and also the railroad near Dittmann. So far the Russians have lost twenty killed.

SERBIAN ARMY UNFIT?

VIENNA, Aug. 4.—According to a Sofia dispatch to the Reichspost, the mobilization of the Serbian army has disclosed defects and shown that it was unprepared for war. The Reichspost says Montenegro has not yet taken any action against Austria-Hungary.

WHEAT ADVANCES ON EXPORT HOPE

Jumps 3 5-8 on News That There May Be Some Outlet to Europe.

CHICAGO, Aug. 4.—Wheat became active again on account of news that there might be some outlet to Europe for the grain and the leading option jumped 3 5-8 on the Board of Trade before there was any reaction.

Every other article traded in showed steadiness at the opening. This was especially true of provisions, in which there were large declines yesterday.

Reports that there was delay in the navigation amendment bill going into force led to a deal of nervousness in the wheat trade. The result was a decline of as much as two cents a bushel from top prices. At the same time the volume of business was reduced to a minimum.

For the first time since war was declared exporters today bought wheat on a large scale in the United States. The result was a net advance of 2 1/2 to 2 5/8 in wheat, an equal rise in corn and substantial gains in the value of provisions.

HOTEL OAKLAND CHEFS OFF TO ASSIST FRANCE

According to reports a number of French cooks of the Hotel Oakland will leave for France to assist their country in its present crisis. Their names have not been divulged. However, it is known that they are being recruited by others who are skilled in their particular branches of cookery. Jules Danville, who is considered one of the leading chefs on the Pacific coast, and has been head of the cooks at the Palace Hotel for many years, left today for France. He said goodbye to Victor Reiter and a number of his friends at the Hotel Oakland this morning.

WAR BULLETINS

BRUSSELS, Aug. 4.—It was officially announced tonight that France had undertaken, in the event of hostilities, to fulfill her obligations to preserve Belgian neutrality. The Belgian cabinet has decided not to appeal to the powers as yet, but will await developments. The government says that up to the present time no Germans have entered Belgium.

PARIS, Aug. 4.—Twenty-five thousand men worked throughout Sunday night in the mobilization of the frontier between Belgium and the German border. Belgium's mobilization is proceeding in a precise manner.

ST. PETERSBURG, Aug. 4.—An official dispatch from Lban says that a German cruiser on Sunday bombarded the town. The cruiser fired twenty shells, one of which struck the naval hospital. Slight damage was done, but no one was killed or wounded. The cruiser then departed.

QUEBEC, Aug. 4.—It is known here that a local rifle factory has received orders from the government to supply 15,000 rifles. Extra men are being taken on and the output will be increased to a thousand per week. The arsenal, too, is working overtime.

PHILADELPHIA, Aug. 4.—The British consul general in Philadelphia, Sir Wilfred Powell, today received from Sir Edward Grey, foreign secretary at London, the following telegram: "Urgent. You should warn British merchant ships not to proceed to or enter German ports until further notice. British ships being detained already in German ports."

BRUSSELS, Aug. 4.—The burgomaster of Antwerp announced last night that the Germans had invaded Limburg, Holland, and that the province had been placed under martial law. Limburg has a population of nearly a quarter of a million.

STRANDED GERMANS RESENTFUL. NEW YORK, Aug. 4.—A dispatch to the Morning Post from St. Petersburg represents Germans in the Russian capital as incensed at the conduct of their government, which to the last expressed surprise at Russia's flight and then withdrew its ambassador suddenly, leaving its nationalities in the lurch, as the American interests were entrusted, was quite unprepared to deal with such a complex situation. As a result the correspondents say, the Germans were obliged to leave Russia and having lost their employment found themselves in a pitiful condition.

REPORT OF BATTLE FALSE.

BERLIN, Aug. 4.—The report circulated in London yesterday that there had been a naval engagement in the North Sea between British and German warships is untrue.

MISSING GERMAN LINER, KRON PRINZESSIN, REACHES MAINE PORT AFTER DESPERATE RACE

BAR HARBOR, Me., Aug. 4.—The North German Lloyd steamer Kron Prinzessin Cecilie, carrying more than \$1,000,000 in gold, the whereabouts of which has been a mystery since she sailed from New York last Tuesday, arrived in the harbor here today. The Cecilie dropped anchor at 6 o'clock this morning, after a forced run of four days, her officers fearing capture.

With a cargo of ten millions in gold and a million in silver consigned to the estimated value of over five millions in herself, the Kron Prinzessin Cecilie has constituted probably the finest sea prize ever open to capture.

As she crept along the Maine coast and into the harbor under the cover of night, each deck and every port hole was blanketed with canvas so that not a gleam of light betrayed her whereabouts. Her passage had been traced with black paint so that she resembled an English steamship.

IN CONSTANT PERIL.

At one time capture seemed imminent. Captain Charles Polack reported on Sunday that he had received a wireless message from one French vessel to another, giving warning of the Cecilie's proximity, but under the protection of a fog the North German Lloyd steamer escaped.

The Kron Prinzessin Cecilie left New York early last Tuesday for Bremen via Plymouth and Cherbourg. She had 350 first class, 120 second class and 100 steerage passengers. Most of the first class are Germans. Most of the others are Americans.

Friday night while a dance was in progress, one of the passengers noticed that the position of the moon had undoubtedly shifted to the port side of the ship. Before the significance of this was realized the captain called the men into the smoking room.

"Gentlemen," he said, "war has been declared between England, France, Germany and Austria; we are going back to America. We have enough coal for our return home and it is my earnest hope that we shall not be intercepted by foreign war vessels."

There were nervous laughter, applause, oaths, congratulations, protests, which gave way to apprehension as the seriousness of the situation became apparent.

DUE PRECAUTION. Electric lights were turned off and the ship was covered from bow to stern in canvas. This smothered whatever beams of light escaped through chinks in the station windows. In two days she would have docked at Plymouth.

A group of financiers on board offered to buy the ship and sail her under American colors. But to all proposals the captain replied that his duty was to his country and that he would not be swayed by private interests.

The American port which the captain would try to make was a matter for unlimited speculation. It was not until the passengers awoke this morning in sight of the green Maine hills that the liner's destination became certain.

For two nights with her head and side lights extinguished, the Kron Prinzessin Cecilie had plunged through the fog with unrelenting speed and without sounding her fog horn.

There was a stampede for the wireless. But the captain announced that no messages would be sent for fear of betraying the ship's location.

I had dared to hope. We have been in almost danger of capture and we can consider ourselves extremely lucky to have come out so well.

Not have been acting on my own initiative, but under orders from the North German Lloyd in Bremen and although I am an officer in the German navy, my duty has been to the steamship line.

The ship remained at her anchorage with all passengers aboard, none being allowed to depart. After the passengers lining the rail had waited several hours, great bundles of newspapers were brought

lines the passengers first learned the gravity of the situation. Numerous small boats were hired to carry telegrams to Bar Harbor telegraph office.

Captain Polack advised first class passengers that they would be provided with special cars on trains to New York at 9 o'clock tonight and the steerage passengers will be sent to New York at 9 o'clock tomorrow night.

VOYAGE IS MYSTERIOUS. NEW YORK, Aug. 4.—The Kron Prinzessin Cecilie is the finest ship of the North German Lloyd line. News of her safe arrival at Bar Harbor was received at the line offices here in a telegram from Captain Polack. Until this message was received the line was apparently in the dark as to the vessel's movements since leaving New York harbor. The gold aboard the vessel was consigned by New York bankers to London and Paris.

DESTINATION UNKNOWN. NEW YORK, Aug. 4.—The destination of the Kron Prince Wilhelm of the North German Lloyd line, which left this port last night with a cargo of coal and miscellaneous stores was a subject of speculation in marine circles today.

The steamer, after clearing Sandy Hook, had only her running lights burning and was headed in a southerly direction instead of northeasterly, which is the usual course for steamships bound for Europe.

The southerly route taken and the fact that the steamer had about 200 tons more coal than she would need to cross the Atlantic, besides sea stores, led to reports that she was going to sea to transfer supplies and fuel to the German cruisers Dresden, Strassburg and Karlsruhe, which have been reported as being in American waters.

Another ship missing. The departure of the Wilhelm, it was feared in some quarters, might involve the United States in a necessary coercion, but authorities asserted that gross negligence would have to be shown, also that the ship carried war materials.

BELGIUM ARMS FOR WAR

KING SUMMONS DEFENDERS TO FLAG

Resisting Germany He Proclaims Freedom of His Nation.

BRUSSELS, Aug. 4.—King Albert of the Belgians presided today over

and chamber. In the course of an address his majesty declared that never since 1830 had a graver situation confronted a neutral nation.

He said it was imperative that every Belgian should do his duty and resign himself to any fate that may be necessary in order to prevent the violation of Belgian soil. The king proceeded:

"Our fatherland is in danger. Let me make an appeal to you, my brothers. At this supreme hour the entire nation must be of one mind."

"I have called together the two houses of parliament so that they may support the government in declaring that we will maintain unshaken the sacred patriotism of our Belgium. Long live independent Belgium!"

A scene of stirring enthusiasm followed. Premier De Broqueville then made a statement as to Germany's ultimatum to Belgium and the reply of Belgium, declaring that the government would not sacrifice the country's honor and that the nation would resist by every means in its power all encroachments on its rights.

DOVAGER AT COPENHAGEN.

LONDON, Aug. 4.—Dovager Empress Maria Feodorovna of Russia is reported to have reached Copenhagen, whence she will try to get to St. Petersburg by way of Sweden and Finland. She was on her way to the Russian capital from a visit to England when she was stopped in Berlin and turned back by the German authorities.

RUSSIANS IN SWEDEN.

STOCKHOLM, Aug. 4.—A bill proposing a moratorium was introduced in parliament today. There are 4000 Russians here with no possibility of their being able to return home.

Word was received here today from the state of Oostersund, in North Sweden, of an Austrian woman who is accused of being a spy in the service of Russia. Photographs of the Norwegian fortresses and maps were found in her possession.

PLAN FORCED CURRENCY.

PARIS, Aug. 4.—The French government intends to introduce in parliament today several bills to meet the expenses of the war and to regulate business. One of the measures will authorize the Bank of France to increase its note issue to \$2,500,000,000. On July 30 the notes in circulation amounted to about \$1,340,000,000.

This measure is to exempt the Bank of France from paying out coin in exchange for its notes in order to avoid, as the semi-official summary of the bill says, "to authorize the institution of forced currency."

A second measure to be introduced will extend the moratorium to other debts, including house rent. Before diplomatic relations between France and Germany were formally severed last night, the French ambassador in Berlin, in an official letter to the German government, declared that French aviators had flown over Germany and Belgian territory and that in the presence of these aviators acts of aggression by the French the German government considered itself as in a state of war with France.

WORLD DENY ADMISSION.

WASHINGTON, Aug. 4.—A bill to exclude from readmission into the United States all aliens who leave to engage in a foreign war was introduced today by Representative Harrison of Mississippi.

FRENCH PREMIER FORMS COALITION GOVERNMENT

PARIS, Aug. 4.—Gaston Doumergue, former premier, has accepted an invitation from Premier Viviani to join his cabinet as foreign minister. M. Viviani has been directing the foreign office since the resignation of the late premier as the head of the cabinet.

Armand E. Gauthier, minister of marine, will retire from the cabinet, on account of ill health and Victor Anguegnier, minister of instruction, will take the vacant portfolio. Albert Sarraut will succeed M. Augagneur.

Abel Perry, under secretary of foreign affairs, and Paul Jacquier, under secretary of the interior, both tendered their resignations owing to their determination to join the active army. The cabinet declined to accept the resignations and congratulated them on their intention to join the colors. Leave of absence was then granted the under secretaries, who will retain their cabinet portfolios.

GERMANY'S POWERFUL SHIP.

BERLIN, Aug. 4.—Germany's recently completed battleship cruiser Seydlitz has developed 59,738 horsepower on its official trials. This is the highest horsepower developed by any battleship with turbines in the world. The Seydlitz registered an average speed exceeding 28 knots per hour, which gives her rank with the armored cruisers Moltke and Goeben. The day of the turbine cruiser of 100,000 horsepower appears not far off. For Germany has thus far increased the horsepower of such vessels with every successive one. The Von der Tann, the first, had 79,802, and the figure has risen steadily.

RECALL U. S. WARSHIPS.

WASHINGTON, Aug. 4.—The battleship Connecticut was ordered to Philadelphia yesterday from Port-au-Prince, Haiti, and her station will be taken by the Georgia, now at Vera Cruz. The Texas is present at Vera Cruz and will be brought north next month for her final trials off Rockland, Me.

KAISER'S SIDE PUBLISHED PUTS BLAME ON ENEMIES

BERLIN, Aug. 4.—Responsibility for the war in which Germany, Russia and France are now engaged is placed squarely on the shoulders of Emperor Nicholas in the white book issued by the German government and given prominence in the press today.

While negotiations looking to a peaceful way out of the difficulties were pending, Russia, it is charged, invaded Germany and a few hours later France opened hostilities.

The German emperor, it is set forth, in response to the suggestion from London and the appeal of the Russian monarch, was using his influence at Vienna to satisfy Russia regarding the intentions of Austria in Serbia, but in that very hour Russia was mobilizing her army.

After a fruitless appeal to Emperor Nicholas to abandon his warlike preparations and so avert a peril to the civilization the German government on the afternoon of July 31 instructed its ambassador at St. Petersburg to give notice that Germany would mobilize unless Russia suspended her military measures inside of twelve hours. At the same time France was given eighteen hours in which to declare whether she would remain neutral in a war between Russia and Germany.

GERMANY ISSUES HISTORY OF WAR

White Book Appears Recounting Events and Giving Texts of Telegrams.

BERLIN, Aug. 4.—The German government has issued a white book recounting the events leading up to the war and giving the texts of the telegrams exchanged between the German emperor and the Russian emperor.

The government insists that it worked shoulder to shoulder with Great Britain in mediatory action and supported every proposal in Vienna from which it thought a peaceful solution could be hoped.

On July 30 the German government forwarded to Vienna the British proposal which, as a basis laid down that Austria ought, after the invasion of Serbia which had then taken place, to dictate her conditions there. Germany assumed that Russia would accept this basis, but while negotiations were proceeding news came of Russian mobilization measures and the assembly of Russian troops on the Prussian frontier and left no doubt that Russian mobilization against Germany was in full progress.

STEALTHILY MOBILIZES.

While all such measures were being denied to the German representative at St. Petersburg and even before the Austrian answer to the last British-German mediation proposal could reach Berlin, Russia ordered a general mobilization.

The German emperor, in a telegram, called attention to the menacing character of the Russian mobilization and the continuance of his own activity in the direction of mediation.

On July 31 the Russian emperor sent the following telegram to the German emperor:

"I thank thee from my heart for the mediation which leaves a gleam of hope that even now all may end peacefully. It is technically impossible to discontinue our military operation, which has been rendered necessary by Austrian mobilization. We are far from wishing war and as long as negotiations with Austria regarding Serbia continue, my troops will not undertake any provocative action."

"I give thee my word upon it and I trust with my strength in God's grace and hope for the success of thy mediation at Vienna and for our countries and the peace of Europe."

"THY DEVOTED NICHOLAS."

MEDIATION RENDERED ILLUSORY.

To this the German emperor replied: "I thank thee for thy devotion to the cause of peace and thy prayer for my help. I understand thy action between the Austro-Hungarian government and thine. While this action was in progress, my troops were mobilized against my ally, Austro-Hungary, in consequence of which, as I have already informed thee, my mediation was rendered nearly illusory. Nevertheless I continued. But now I am in possession of trustworthy advice concerning the serious war preparations on my eastern frontier, as well."

"My responsibility for the safety of my empire compels me to counter-measures of defense. In my endeavors for the maintenance of the peace of the world, I have gone to the extreme limit of the possible. It is not I that shall bear the responsibility for the peril which now threatens the civilized world. I lay it to thy hand to avert it, even at this moment."

NO ONE MENACED RUSSIA.

"No one menaces the honor and might of Russia, which well could have waited upon the result of my mediation. The friendship for thee and thy empire bequeathed to me by my grandfather on his death bed has always been sacred to me, and I have remained true to Russia when it was in grave distress, especially in your last war. The peace of Europe can yet be conserved by thee if Russia decides to discontinue her military measures and threaten Germany and Austria-Hungary."

Even before this telegram reached its destination the white book says, the mobilization of all the Russian forces, which had been ordered on the forenoon of the same day and was openly directed against Germany, was in full progress. When advice regarding this mobilization reached Berlin the German ambassador at St. Petersburg, the afternoon of July 31, was ordered to declare to Russia that Germany, as a counter-measure had declared a state of war, which was to be followed by mobilization should Russia not suspend her military measures inside of twelve hours.

At the same time the German ambassador in Paris was directed to obtain a declaration from the French government within eighteen hours whether France would remain neutral in a war between Russia and Germany.

A white book coincides with a statement that Russia's mobilization showed clearly that Russia desired war.

SWISS ARMY MOBILIZED.

BERNE, Switzerland, Aug. 4.—The military mobilization of Switzerland has been completed. Every able-bodied man has responded to the colors and every railway bridge and mountain pass is occupied. The precautions have extended to the commandeering of all available provisions and all means of locomotion, even the horse-drawn carriages.

OFFERS 20,000 MEN.

SYDNEY, N. S. W., Aug. 4.—The commonwealth has decided to offer the imperial government an expeditionary force of 20,000 men and to place the Australian warships under the control of the admiralty. A censorship has been established in Australia and the Fiji islands. The movements of the Australian warships are unknown.

FINANCE RELIEF MEASURES TODAY

Congress Acts on Bill Adding Billion Dollars to Circulating Medium.

WASHINGTON, Aug. 4.—Amendments to the bank law extending issues of currency to 125 per cent of capital and surplus of banks and trust companies in the Federal Reserve system, were finally passed in the House today. More than a billion dollars will be available for additional circulation.

The Senate promptly agreed to the amendments, which then went to the White House for President Wilson's signature.

Under the modification of the law all national banks and all state and trust companies, members of the Federal Reserve system, may issue notes up to one hundred and twenty-five per cent of their combined capital and surplus. Under the bill as originally passed by the Senate, the banks might have issued up to the former limit of \$200,000,000, but the House removed all restrictions as to amount. The Senate, however, afterwards amended the proposal to limit the issue to combined capital and surplus and the extra 25 per cent was added in conference as a compromise.

Approximately \$1,700,000,000 of such capital and surplus is available upon which issue of notes may be based.

CABINET IN SESSION.

President Wilson today sent to Congress a special message asking for immediate appropriation of \$2,500,000 for relief of Americans abroad, in accordance with the plan approved by him this morning.

Today's cabinet meeting was devoted almost entirely to discussions of the European crisis and the relief of Americans abroad. Secretary McAdoo brought up the subject of an international clearing house association, in which the United States and European nations should hold membership, as one method by which this country might insure the disposition of its wheat and cotton crops in foreign markets.

With the banks of the country fortified with millions of additional currency, officials feel that the immediate problem is to show how to take care of the crops.

The establishment of an international association and the resumption of trade, it was pointed out, would not result in the sale of the American crops but would tend to bring back to the United States much of the gold recently exported.

APPROPRIATION COMMITTEES OF HOUSE AND SENATE WILL ACT TOMORROW ON THE PRESIDENT'S REQUEST FOR \$2,500,000.

OHIO BANKS REFUSE.

CLEVELAND, Ohio, Aug. 4.—Banks and trust companies decided yesterday to invoke the rule requiring sixty days' notice for the withdrawal of savings deposits. It was also decided to put the banks on a clearing house basis, with, however, issuing clearing house certificates to the public.

CANADA APPROVES NOTES.

OTTAWA, Ont., Aug. 4.—The Canadian government has authorized the banks to make payments in Dominion notes instead of in gold. It announced today that it will allow banks to issue notes against securities approved by the government and deposited with the government, and to issue excess circulation to the amount of 15 per cent of paid up capital and reserve.

ITALIAN BOURSE SUSPENDED.

ROME, Aug. 4.—Operations on the Bourse were today indefinitely suspended.

SPECIE PAYMENTS OPPOSED.

CHICAGO, Aug. 4.—Warning to members of the Illinois Bankers' Association, advising them to follow the example of the New York and Chicago bankers in suspending specie payment, was sent out by Richard L. Crampton, Secretary, last night.

"As foreign governments will threaten their bankers exhaust every possible means of securing American gold for their extraordinary war requirements, the only method of co-operation for self-defense against such invasions against the supply of the banks lies in suspending the payment of specie," he wrote.

GERMANY PROVOKES ENGLAND BY REPLY

The British Forces May Strike Promptly in Defense of Belgium.

(Continued From Page 1)

Ambassador in leaving Paris, informed the French Premier that Germany regarded herself as in a state of war with France. Germany was requested to hand the French Ambassador in Germany his passports. The open breach between France and Germany was rapidly followed

on French territory and by an incursion of bomb-hurling German aeroplanes, which attacked the fortified town of Lunville without doing anything more than damage to a road-way.

French airmen and outposts also were reported to have made raids on German territory.

A more flagrant occurrence was the bombardment of the French naval station at Bona, Algeria, by a German cruiser, which, however, retired before doing much damage, and is cruising around the Mediterranean sea where a considerable number of French war vessels are looking for such marauders.

What the British admiralty intended to do was not ascertainable, and no news was made public as to the movement of British war vessels. British ships bound for Continental ports north of Calais were diverted by the Admiralty to divert their course to ports in the United Kingdom, in the interest of the national welfare.

SERVA CLAIMS VICTORY.

As to the fighting between Austria and Serbia, the original combatants greater part of the European mainland, reports come from Nish, Serbia, that the Austrians had suffered sharp repulse and heavy losses at the hands of the troops of the Balkan nation.

In diplomatic quarters in London it was reported without confirmation that the Turkish army, which is being mobilized, will, if it participates in the general conflagration, remain under the command of Gen. Liman von Sanders, the Prussian officer, who has been in Constantinople.

All the morning papers, even those representing the peace party, are unanimous in support of the government's view that England is bound to fight on behalf of France, and in the defense of Belgium and Dutch neutrality.

The idea of a coalition war cabinet is repugnant to the Liberal chief whip, and according to the Liberal paper, there is no intention to form a ministry of this sort.

According to the Daily Mail, the German ultimatum to Belgium threatened to treat that country as an enemy and carried the implied intention of Germany to seize Belgian Congo in the event of a refusal to permit the passing of the German forces through Belgium.

Premier Asquith said that a telegram had been sent early this morning to Sir Edward Goschen, British ambassador in Berlin, to the following effect: "The King of the Belgians has appealed to his British majesty's government for diplomatic intervention on behalf of Belgium. The British government is also informed that the German government has delivered to the Belgian government a note proposing friendly neutrality pending a decision of the League of Nations."

Through Belgium and promising to maintain the independence and integrity of the kingdom and its possessions on the conclusion of peace, but threatening, in case of refusal, to treat Belgium as an enemy."

Sir Edward Goschen, the British foreign secretary, requested an answer within twelve hours. Premier Asquith then read a telegram from the German foreign minister in London had sent to Sir Edward Goschen today. It was as follows: "Please dispel any distrust that may exist on the part of the British government with regard to our intentions by repeating most positively the formal assurance that even in case of armed conflict with Belgium, Germany will not permit any concessions whatever, annex Belgian territory."

"We understand that Belgium categorically refused to assent to a flagrant violation of the law of nations. His majesty's government was bound to protest against this violation of a treaty to which Germany was a party in common with England and must require an assurance that the demand made on Belgium by Germany, not proceeded with and that Belgium's neutrality be respected by Germany, and we have asked for an immediate reply."

"We received this morning from our minister in Brussels the following telegram: "The German minister has this morning addressed a note to the Belgian minister for foreign affairs, stating that at the Belgian government has declined a well-justified political offer submitted to it by the imperial German government, the latter, deeply to its regret, will be compelled to carry out, if necessary by force of arms, the measures considered indispensable in view of the French menace."

HOLY WAR PROCLAIMED BY CHURCH IN AUSTRIA

ST. PETERSBURG, Aug. 4.—The Holy Synod yesterday sent messages to the public and the army, in which the orthodox church throughout the empire quoting the text from the book of John, "Greater love hath no man than this, that a man lay down his life for his friends," invoking them "to defend their little brothers and sisters in Christ," and declaring that faith is the invincible weapon. Thousands of women are replacing in factories men who have been called to the colors. A clothing depot and a hospital for the wounded have been opened here on the initiative of the

NORTHWEST ON GOLD BASIS.

SEATTLE, Wash., Aug. 4.—Following the lead of the San Francisco Clearing House, the Seattle Clearing House today decided to remain on a gold basis. Similar action, it was announced, was taken by the banks in Portland, Tacoma and Spokane. One hundred thousand dollars in gold bullion was received from the Cook Inlet district of Alaska today.

ST. PETERSBURG, Aug. 4.—A ukase imposing a military censorship was published today. Prince George Troubetskoy, director of the near eastern department of the foreign office, has been appointed minister to Serbia.

Service

Oakland, Aug. 3, 1914.

To Everybody:---

IN ACKNOWLEDGMENT of the appreciation of our many employees of our attitude concerning the betterment of working conditions, we wish to reiterate that our policy of maintaining this as the HOUSE OF COURTESY, does not alone extend to SERVICE OF THE PUBLIC: it had its inception in COURTESY "AT HOME."

We firmly believe in the fact that a BETTER SERVICE can be given by happy and contented employees.

As the first men's store in Oakland to establish shorter working hours, we believe another forward step has been taken.

Do you believe in encouraging such co-operation—involving the interests of the public and our employees?

Yours for Shorter Hours and Better Service.

ly to appropriate \$2,500,000 to relieve Americans in Europe.

The nations involved in the war will be informed of the purpose for which the gold is being sent to Europe in order that no complications may follow.

No Americans can leave Germany for the present. Through the German embassy at Newport the state department has been informed that during the progress of mobilization no foreigners will be permitted to depart.

FRENCH PROTECT AMERICANS.

PARIS, Aug. 4.—The French government, the foreign office and the military authorities have expressed to Ambassador Herriek and Consul General Thackeray their desire to treat well the Americans who are still here, facilitating their departure if they wish to leave or permitting them to remain without annoyance or embarassments that can be avoided.

The steamship offices, with the exception of those of the French line, were closed this morning, but the American line announced that its offices would be opened at 3 o'clock this afternoon. The French liner France will sail for New York tomorrow with every possible place on her passenger quarters taken.

When the local branches of American banking houses opened long lines of Americans were waiting to withdraw their own deposits or to cash checks given them by depositors. None of the American banking agencies, so far as can be learned, is taking advantage of the moratorium decreed by the government. They are paying depositors in full.

MINISTERS REACH PARIS.

BOSTON, Aug. 4.—A cablegram announcing the safe arrival in Paris of fifteen American delegates to the meeting of the Church Peace Union, which was to have been held at Constance, were received at the office of The Congressionalist from its editor, Rev. Dr. Howard A. Bridgman. Other members of the party included Professor Granam Taylor of Chicago, Rev. Nehemiah Boynton of Brooklyn, Rev. Peter Ainsley of Baltimore, and Rev. John W. Hamilton of this city, one of the bishops of the Methodist Episcopal church.

NEW YORK RAISES FUND.

NEW YORK, Aug. 4.—Five million dollars in gold, private funds, are immediately available for shipment to London and Paris for relief of Americans in Europe and will be sent by any vessel, warship or otherwise which the government may designate. Out of this fund there will be cashed travelers' checks held by stranded Americans, no matter by what American banks the checks were cashed. How many, and where Americans abroad do not hold travelers' checks funds will be advanced them on their own personal checks on American banks.

This announcement was made today by Louis M. Porter, manager of the bureau of public relations of the American Express Company. Porter said that the money had been raised by the express company and the Bankers Trust Company of this city and that the two concerns expected a definite reply tonight to their request for the funds.

been obtained through the extensive loan business.

The pawn-broker has always been among the most useful of institutions. If one can forget the gravity of the impending war and incline a moment toward levity, it is rather humorous to reflect just now when Europe entire is on the verge of what promises to be the worst outbreak in history, that Americans on this wide, populous, material land may partly thank the pawn-brokers with whom Queen Isabella plied her jewels to help finance the voyage of Columbus.

The California Loan Office is a fine modern establishment, containing one of the most valuable jewelry stocks in the city. The contents of the different departments represent a collection of the world's finest wares. Every country is shown patrons and the firm has an enviable reputation for fair dealing.

BUSINESS METHODS.

The pawn-broker's business is, in some particulars, identical with that of the regular jeweler, while in other respects it differs somewhat. Unlike the jeweler, the stock is displayed in their show windows marked with the selling price in plain figures, as well as with an accurate description of each article. Then there are points of similarity.

The California Loan Office are manufacturing jewelers and watchmakers, employing a staff of skilled jewelry designers and expert diamond and precious stone appraisers.

Their stock of jewelry does not bear any traces of wear. Gems are reset into standard designs or mounted into any desired special design.

Through their money lending capacity the firm has acquired some exquisite pieces in antique jewelry, which, though ages old, are in perfect condition. These are elaborate old creations with romantic histories, heirlooms, some of them that probably adorned the fancy dress of long departed persons of quality and renown.

Displayed in their great windows for the benefit of collectors is a vast collection of gold coins valued at many thousands of dollars. Among them is the pioneer California fifty-dollar gold piece, and real quarters and half dollars in gold. There are private issues of pioneer California, Colorado and Utah bankers in different denominations of gold coins and the

most precious of scarce silver coins. This is the famous 1804 silver dollar which was auctioned off in the city of Portland for \$3200.

Diamonds vary in price according to size and quality. I saw rings mounted with a single stone which were valued from \$6 up to \$1500. The police salesman offered to show me some fine unmounted stones of even greater value. There were pure blue-white stones, set and unset,

that winked and blinked and emitted sparks of rainbow fire—gems that a queen might covet.

BANKING SECURITY.

In the rear of the store, entirely removed from the splendid saleroom, is the loan department. It is fitted up with a number of private offices for patrons who wish to negotiate a loan. Upon proper collateral they can accomplish this with as much privacy as could be secured in a bank. The offices are equipped with safes and vaults insuring against burglary.

Bonnie Burr's height is 5 feet 5 inches.

Bonnie Burr's ears are 24.

Bonnie Burr elevates her shoulders when walking.

I reached Twelfth and Broadway at 5:20 last night, running right into officer 70, who was in conversation with fireman 224 on the northeast corner.

Two women were having some fun here. One was tall and wore a white waist and black skirt. Her companion had on a blue suit and blue hat. The latter rather

enjoyed leading the crowd on to think she was Bonnie Burr.

ON HER TRAIL.

I remained there a couple of minutes, watching them, when my attention was attracted to a rather pretty little woman in a light brown suit who carried a shopping bag and an OAKLAND TRIBUNE and was alertly watching. I was rather startled at her steady regard, but was relieved to observe that I was not the object of her suspicion. She was staring at a young woman in a greenish suit, white hat, who stood to the left of me. She seemed to have about made up her mind to approach this girl, when a surprising and amusing thing occurred.

A big man, tall and well set up, wearing a well-worn brown suit, shot out of the crowd and grasped her arm.

"Here you," he said, half jest, half angrily, "get home. I'm tired of this stunt of waiting for my supper till midnight."

His voice was one of those clear, carrying kind and a laugh followed his remark.

He looked in a slightly vexed manner at the little woman in brown, grumbled good-naturedly.

"I wish this Bonnie Burr person was caught. I don't know whether I have a wife or not when supper-time comes around."

Everyone was greatly amused and the little woman began to protest that she would like to remain but whether she did or not I do not know as I crossed to the northwest corner.

A group of young men were howling with merriment because an elderly woman had taken one of their number, a blonde young chap in a rather light blue suit, for Bonnie Burr. The embarrassed boy was quite red in the face and was beginning to show signs of anger at the joking of his friends. I laughed and passed on, leaving the scene for my hotel.

The world is filled with initiators, honest and frank or subtle and crafty, according to the nature and disposition of the individuals. The legitimate initiator helps progress the dishonest one hinders it, but the originator is the maker of history. He is part of the huge hub of the universe.

Great inventors, great artists, educationists, workers in any line of endeavor are the world's real personages. Civilization would stand still without them.

Each day we are enjoying the fruits of their thoughts and energy. It has given us the Oldsmobile, engineering masterpiece. America's leading motor car and the standard automobile of the world. It is the car of originality.

STORY OF SUCCESS.

The Oldsmobile has never striven after the achievements of other plants—it is a school and a model unto itself. It has aspired during sixteen years of pre-eminence after no ideals except its own, manufacturing upon well defined principles. Its story is one of success, efficiency, service and progress.

The general body lines of an Oldsmobile have always been distinctive, and the sterling quality of its entire construction well known. Aside from the mechanical perfection of its wonderful motor, its chassis and all working parts, its luxurious little refinements are famed for comfort and beauty.

Quality costs money, but it creates satisfaction. No money has been spared to make Oldsmobile appointments superior. A strategic action saved me from capture last night.

I might have stood my ground and let it overtake me, but I am honor-bound to flee.

Though it begins to look to me as though my Oakland stay will be indefinite I am not going to see how quickly I can hand over the OAKLAND TRIBUNE'S prize. Neither will I deviate one whit from my original policy. I will wear complete and effective disguises at every appointment and try by every art I possess to outwit searchers. If I have to remain here for the rest of the summer all well and good. I can think of no more delightful place to live.

NOON ADVENTURE.

I reached my appointment at 12:35 o'clock yesterday noon, coming from the west on the south side of Fourteenth street. There was a good-sized crowd, on hand, well scattered over the four corners. I found myself in the midst of the most active searchers. This corner, too, held a slight majority in numbers.

I noticed several street car men in the crowd. One of these, conductor 1718, is a vigilant worker. Two others in the throng were conductor 275 and motorman 114.

I stood very near the curb, close to a woman in blue with a white hat, who was very much roused. With her vivid coloring she became at once the center of attraction. Many were staring at her and blue suit and blue hat. The latter rather

When And Where Bonnie Burr Appears Today And Tomorrow

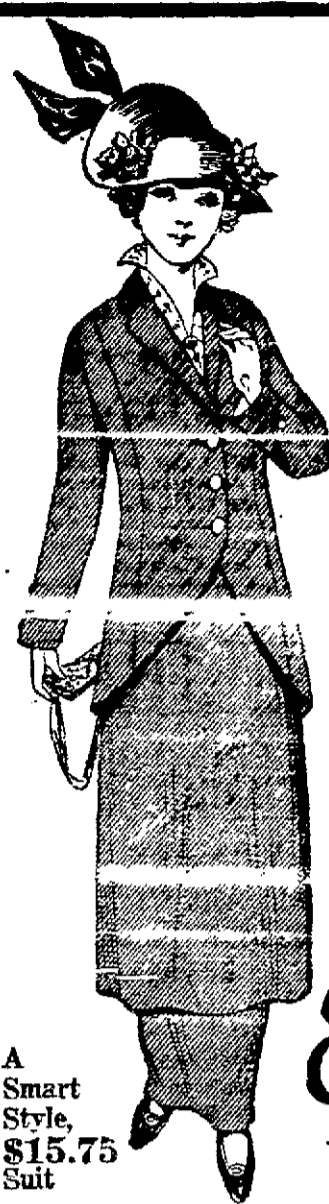

THE TRIBUNE, as well as the public of this city, admit that the chase for MISS BONNIE BURR has gone longer than was anticipated, but that is neither the fault of THE TRIBUNE nor MISS BURR. The management of THE TRIBUNE believes it has found a way of ending the chase. Since the day of MISS BURR'S arrival and introduction in front of the new City Hall, there has been severe criticism on account of the "DISGUISE" MISS BONNIE wore that of a veil, which she used to shield her eyes, and which prevented those interested in the chase from getting a fair glimpse at BONNIE BURR'S face.

As MISS BURR is just as anxious to be captured as the searchers are to capture her, THE TRIBUNE has arranged with the management of YE LIBERTY PLAY HOUSE to allow MISS BONNIE BURR to appear on the "STAGE" UNDISGUISED as an added attraction. This afternoon look for her at the BROADWAY THEATER, where she will visit some time between the hours of 7 and 10:30 o'clock. If MISS BONNIE is apprehended in the THEATER the captor stands to win an extra \$100.00 and a SEASON TICKET. Should such a thing happen that she weathers through today's appointments tomorrow afternoon.

MISS BURR'S powers for eluding pursuers will be taxed to the utmost TODAY. THIS AFTERNOON, between the hours of 1:30 and 5 o'clock, she will visit THE TOGGERY, 568 FOURTEENTH STREET. If apprehended in the store a \$50.00 MERCHANDISE ORDER will be given, providing the captor has in his or her possession a SALES CHECK of a purchase made any time TODAY. If she escapes detection this afternoon look for her at the BROADWAY THEATER, where she will visit some time between the hours of 7 and 10:30 o'clock. If MISS BONNIE is apprehended in the THEATER the captor stands to win an extra \$100.00 and a SEASON TICKET. Should such a thing happen that she weathers through today's appointments tomorrow afternoon.

NOON MISS BONNIE has agreed to visit THE NEW FREE MARKET, SIXTH and WASHINGTON streets, between the hours of 2 and 5 o'clock. Escaping here BONNIE will visit THE NEW FREE MARKET, WEST SHOW TOMORROW NIGHT some time between the hours of 7 and 10:30 o'clock.

THURSDAY AFTERNOON will be devoted to BET KELEY folks, on which day she has accepted a deft to visit J. F. It was my intention to approach her also, but a short, rather stout woman seemed to focus her earnest attention on me, so I crossed to the northeast corner.

I had not been there long before I became aware of the suspicious regard of a young man in a dark gray suit, gray cap, who had a small black mustache and wore glasses.

After a prolonged stare at me he opened and consulted his copy of the OAKLAND TRIBUNE. I regarded the chase as ended. I had to think and get quickly to save myself. This I did. A quick thought came to me as my eyes happened on two little girls and a boy standing near the corner who appeared to be alone. I had noticed them a moment or so before and wondered if they lived near or were with some grown person.

MY CHILD!

Resolving to take a big chance, I darted up to the group, exclaiming with loud relief.

"Marion, you naughty child! Do you know that I have been looking everywhere for you?"

I snatched the little grimy hand of one of the small girls and started to walk away. The dazed child said not a word. I suppose she was too scared.

Trouble was in store for me. The little girl became quite unmanageable by the

time we were a very short distance from the corner.

"Say," she demanded, "you let me go. I ain't your Marion."

"I am not going to hurt you," I soothed. "I'll let you go in a minute," but I could not make good with the youngster, who started to howl. I was horrified and expected every second to be mistaken for a kidnaper.

"Here," I said, pressing a nickel into her little hand, "go buy some candy."

She flew. I pretended to be chasing her home, running back toward the corner. To avert possible suspicion I called: "Go home now!" and then entered the office building next to Ye Liberty Theater. I went up to the fifth floor, walked around as though searching for a name and then descended the stairs to the first floor, leaving in haste for my hotel—Adv.

STEAMER ON FIRE. DULUTH, Minn., Aug. 4.—The large lumber-laden steamer Van Vleck was towed into the Duluth harbor early yesterday with a fire raging in her cargo hold forward.

The Van Vleck left Duluth Saturday night and had reached Outer island, 130 miles northeast of here, when the fire broke out. In answer to distress signals the ore steamer W. A. Agnew picked her up and towed her to Duluth. After arriving here fire tugs and the local fire fighting forces went to work on the fire.

Doctor Speaks Out

to Coffee Drinkers

The Boston Advertiser of June 15, 1914, quotes Dr. D. H. Kress of Chicago in an address as saying that tea, coffee and cocoa cause more deaths than alcohol.

"These table beverages are sapping the life of our nation. They are making us a race of weak-kneed, weak-livered beings, unable to reproduce ourselves. The kidneys and liver do not perform their proper functions, and the waste matter left in the system tends to bring on arteriosclerosis.

"Statistics show conclusively that as the consumption of coffee, tea and cocoa have increased, the number of nervous diseases and insanity have increased proportionately."

This strong statement from a medical authority cannot be lightly disregarded.

It is easy to prove in one's own case whether coffee is the cause of frequent "spells" of nervousness, indigestion, biliousness, liver complaint, headache, heart disturbance and other ills.

Quit coffee ten days and in its place use

POSTUM

—then note the difference.

Made from prime wheat and a bit of molasses, Postum is a pure food-drink, entirely free from the pernicious drugs in tea and coffee, or any other harmful substance.

In thousands of homes Postum supplies a table beverage, pleasant to the taste, and to be used freely as a re-builder, where coffee and tea tear down.

Postum comes in two forms.

Regular Postum, must be boiled, 15c and 25c packages.

stantly, 30c and 50c tins.

Grocers everywhere sell both kinds and the cost per cup is about the same.

\$200 REWARD

For the Capture of the
Mysterious

"GIRL WITH THE PINK MASK" "Miss Bonnie Burr"

Rules and Conditions
of the Capture

If you capture the mysterious Miss Bonnie Burr, THE TRIBUNE will pay \$200 in gold if you have in your possession the very latest edition of THE TRIBUNE of the current day's issue, and use the following words of identification:

"Pardon Me, You Are the Mysterious Miss Bonnie Burr of The Oakland Tribune, the Fastest Growing Paper in California."

If you address Miss Bonnie Burr, using the words above shown and held up her very latest edition of THE TRIBUNE of the current day's issue, she will at once admit her identity, take you to THE TRIBUNE office, where the above reward will be paid.

When you arrive at THE TRIBUNE office, you will be required to make an affidavit that you are now and have been a resident of Oakland, or any city, town or village on the east side of the bay, for the past six months, and that the capture was made by you without any collusion with any person. The reward will not be paid to any outsider, but only to a bona fide resident on the east side of the bay. This rule effectively prohibits any collusion and makes this contest of skill absolutely fair and above board. Boys under 18 years of age are also prohibited from securing the reward, and will not be recognized in the capture.

The same rule applies to any person directly or indirectly connected with THE OAKLAND TRIBUNE, or any member of his or her family.

Here is a chance for some person to display cleverness and at the same time secure \$200 in gold.

Miss Bonnie Burr will not recognize anyone detaining her for any length of time, in order to obtain a copy of THE TRIBUNE, or anyone who in any way whatever stops her longer than a reasonable period, in order to recognize her.

Remember: You must positively not lay a hand on the woman you approach and salute. To lay a hand on BONNIE BURR will mean the loss of your chance.

Miss Bonnie Burr will make certain appointments from day to day, inviting the public to effect her capture. When apprehended at any such appointment the reward as offered above will be paid, and in case more than one person claims priority of capture the decision of Miss Bonnie Burr shall be final as to which one of the claimants first properly addressed her and complied with the conditions of this search.

Read the Above Conditions Very Carefully!

PROGRESS FOR AUGUST

MAKES ITS APPEARANCE

The August number of "Progress," a little monthly magazine published by the H. C. Capwell Company's Employees Association, is an issue entirely and successfully edited by the women of the store. Personal and editorial matter is added in an intimate tone to a group of people working in the same building in similar directions. It nevertheless strikes a broad note of humor.

Mrs. Orr, one of the editors of this number, remarks on an opening page, "I'm raising a foreign newspaper revolt. I noticed that a Chinese editor was beaten to death because he would not disclose the source of published news to the power behind the throne. I wish to state for myself and Mrs. Mitchell that rather than suffer the fate of the above mentioned editor, we will gladly give names and, if necessary, addresses, of any of the contributors to this edition of Progress."

The number contains several serious articles, including a prize essay, "Observations on Salesmanship," by James Giffner, and an appreciative column on the business manager by Nellie Orr, as well as poems of cosmic and store interest.

But the original note is struck in the pages of Jokes—many of which are too fantastic to remain unreported. These "Household Hints and Recipes" are typical.

"To remove fruit stains from the table linen—Simply cut out the spots with sharp scissors."

"To get rid of ants—Order them from the house. If this does not work, call a policeman."

PROTEST STATE CLAIM UPON CITY'S FINES

Whether automobile law violations prosecuted in the police courts, under the city ordinances must be reported to state authorities is the question to be settled by the city attorney's office before police judges Mortimer Smith and George Samuels will fill the demand of A. R. Connelly, of the Motor Vehicle Department of the State Engineer's office. Ormsby has filed formal demand that a report be made to him.

The judges believe that this applies to the state law, under which some cities prosecute but under which Oakland does not. Fines collected by the city, they declare, the state has no right to, or no right to demand accounts of when they are collected for city ordinance violations. All automobile prosecutions in Oakland are made under state ordinances, thus keeping the fines in the city treasury instead of turning them over to the state administration, and the automobile administration.

BODY FOUND IN CREEK.
SAN FRANCISCO, Aug. 4.—Chas. Hurley, a laborer, 45 years old, fell into the creek in back of a gravel yard at 341 Berry street some time yesterday and was found dead this morning. His body was seen floating on the surface by L. Larsen, who remembered seeing him walking along the bank at 4 p. m. yesterday.

NAVAL BILL IS UP BEFORE HOUSE

Authorizes Carrying of Mail, Passengers and Freight to South America.

WASHINGTON, Aug. 4.—The Senate bill to authorize the Secretary of the Navy to establish naval lines to carry mail, passengers and freight to South America and Europe was up for passage in the House today. Details of the plan, the object of which is the development of American trade with South America, are to be worked out by the Navy Department after the bill has been signed by President Wilson.

Secretary Daniels already has informed Chairman Tillman of the Senate Naval Affairs Committee that five fast cruisers, two fast scout cruisers, two transports, two Panama Railroad steamers and five colliers are available for South American

the St. Louis, Charleston, Milwaukee, Columbia and Minneapolis could carry only fifteen or twenty passengers each and could not be fitted for carrying bulky freight without interfering with their military value, but they could carry the mails and a limited amount of express freight and parcels, about 150 tons each. The transport, Buffalo, could carry twenty first class passengers and four thousand tons of freight, the transport Rainbow twenty-five passengers and 2500 tons of freight.

These transports are capable of carrying about eight hundred marines, not to count the crew. The Panama Railroad steamers Ancon and Cristobal could carry each seventy-four first-class passengers and thirty-two steerage passengers. The colliers Mars, Vulcan, Cyclops, Neptune and Nantux are not suitable for carrying passengers, but are well adapted to freight service. The first three could carry from 6500 to 10,000 tons each, the Cyclops and Neptune 10,000 to 12,500 tons each, and the Nantux about 3000 tons.

Mr. Daniels pointed out that the use of the Charleston, St. Louis, Columbia and Minneapolis would result in a "fast but very expensive mail service" to Pacific South American ports. In his opinion a far less expensive service could be maintained by the use of the Salem, Chester, Columbia and Minneapolis. Most of these vessels could make the round trip between New York and Valparaiso, Chile, without stop except at the canal in twenty-seven days, twenty-two hours.

WILD WEST SHOW MAKES BIG HIT

Initial Performance of Irwin Bros.' Rough Riders Is Success.

Irwin Brothers' Real Wild West show made its initial bow to one of Oakland's audiences yesterday afternoon and evening, at the Lake Merritt circus lot. The Irwin Brothers claim that their show is a "real" wild west attraction. There is a dash and abandon to the riding that will make the most blasé sit up and take notice.

The events follow each other in such a fashion, with cow boys and cow girls engaged, that one gains the impression they are merely enjoying the daring sports of their native heath. The show is a real thriller, and will win its way into the hearts of those Californians who love horses and daring riding.

An event which was not on the cards made a decided hit with the crowd last night. Poco-Ho-Gray, one of the noted riders and riders with the show, had made a wager with some of the cowboys that he could ride bareback a certain

number of times, and he won the bet. The prize was \$50, and Gray was to ride the horse the full length of the arena. Although the horse was a hot one, he performed the feat to the satisfaction of all who had bet their money and the crowd.

The trick riding of Gray, Montana Earl and Fred Irwin is the best ever seen in this city, and the same may be said of these engaged in the trick riding. An Indian and a cow girl were thrown in round-up the turns of the arena, but neither were injured. The right performances of the acts are brilliantly lighted, making it almost as light as day.

The Irwin brothers close their Oakland engagement tomorrow evening.

POLICE IN SEARCH OF BICYCLE THIEVES' GANG

What is believed by the police to be the work of an organized gang of bicycle thieves resulted last night in the theft of four bicycles from down town streets. A search is being made for the missing property. K. K. K. 283 Seventh street was the first to report a loss. His machine was stolen from the front of the Free Public Library. Fred Trantacosta, 1813 San Pablo avenue, reports his wheel

Warren, 622 Webster street, and M. Robinson, 1435 Third avenue, also report stolen bicycles.

CONFEDERATE BILL IS CAUSE OF MAN'S ARREST

A Confederate bill was the cause of disaster to Garibaldi Manuel this morning. It was once worth \$100, but now it is not. Still, he desired \$100 for it, and his attempt to pass it resulted in his arrest. He was taken into custody by Policemen Reinhardt and is being held for police court examination. He is accused of passing the bill on

Tony Franzese, 587 Washington street, and returned for the other \$50, to walk into the arms of the police. The Federal authorities are investigating.

VICTIM OF PICKPOCKET.
E. Connors, 3405 Adeline street, this morning reported to the police that pickpockets relieved him of small articles of value while he was loitering in a crowd last night on a San Pablo avenue car.

NILE CLUB WILL CRUISE ABOUT BAI NEAT SUIMAI

The return trip will be made in the evening.

LOCAL AUSTRALIANS TO FIGHT FOR COUNTRY

OAKLANDERS MEET AT CALL OF THE PRESIDENT

War Talk Heard on Many Sides When Foreign Residents Gather to Discuss Situation

Australians and New Zealanders gathered from all the bay regions last night in Oakland at a great mass meeting. They made plans for an enlistment agency, pending any call to arms. The meeting, held under the auspices of the Australian Society of America, was presided over by Fred Davison, president of the organization. Several spirited appeals to the men present were made.

The meeting was held at 846 Sixth street from 8 to 10 p.m. and was attended by about 2000 men from the bay region alone were declared to be available. J. Westley of Sacramento declared that his city could also furnish many volunteers. Davison, president of the society, whose headquarters are in Chicago, declared that he would wire the 4-tails of the meeting to Australia.

"Great Britain is now facing the crisis of her existence," he declared. "And it devolves on us to show our loyalty and patriotism. If we are to win, we must go, and the Australians can be depended on to give a good account of themselves."

Other Oakland residents are also planning meetings. The Croatian Society will meet Thursday evening, and the Austrian Military Association is planning to drill with rifles at Seventh and Perilla streets.

AUSTRIAN CALL OUT.

The Austrian call to arms has been issued, and following this the local men of that nationality have planned to borrow guns and train themselves. The official call, as received by the local committee, and officially transmitted to the public, came out by K. Ruz de Rozas, acting consul. It follows:

His majesty has ordered a general mobilization in Austria-Hungary. Therefore, upon publication of a notice from this Austro-Hungarian consulate, requesting them to start for their native country, the following have to report in person at once at their respective station of equipment:

All those subject to military duty in the regular army or in the navy, or in the territorial army (Landwehr).

All those whose duty it is in accordance with their assignment card to join as commissioned or non-commissioned officers, or as privates of the national defense (Landstrom).

All those of the age of 37 years or less who in accordance with their national defense (Landstrom) passes are required to join the colors.

All other persons subject to national defense (Landstrom) duty are required to report themselves at once in person or in writing to the I. and R. Consulate, giving their exact addresses, whereupon they will receive further directions concerning their military duty.

All those whose duty it is to join the colors will have their traveling expenses refunded to them.

For the purpose of receiving traveling expenses those persons subject to military duty who have not the means of defraying the same should report themselves to the nearest I. and R. Consulate.

Others will have their traveling expenses hereafter refunded to them according to the prevailing schedule.

PREPARE FOR WORK.

New clerks have been added to the consular office in San Francisco to accommodate the rush of new business incident to the call and the hundreds of answers from Austrians, Bohemians and other foreigners in this state.

That the Poles will rally to the relief of their countrymen was announced this morning when plans were gotten under way for a meeting to be held Sunday at Bohemian Sokol hall, San Francisco. The session will plan subscriptions to the cause. They will ask American citizens and Poles living here to get together a fund which will be used to attempt to break Poland's shackles.

W. Jzewicz will preside at the meeting. The Dutch mobilization order came today. H. A. Van Coenen Torckhana, consul general of the Netherlands, has received a message from the Minister of Holland at Washington advising him of the call to arms and according to Vice Consul Dr. Eduard Bunge the call is a direct result of the attitude of Germany toward Belgium, declared a violation of neutrality.

CALL OF NETHERLANDS.

The Dutch call as issued follows: Mobilization of the Dutch Army—All Hollanders belonging to militia or landwehr have been called to arms and are urgently requested to report to the Consulate-General of the Netherlands, room 665 Mills building, San Francisco, between 10 A. M. and 4 P. M.

Holland volunteers may appear for information at the same consulate.

CONSUUL-GEENERAAL DER NEDERLANDEN.

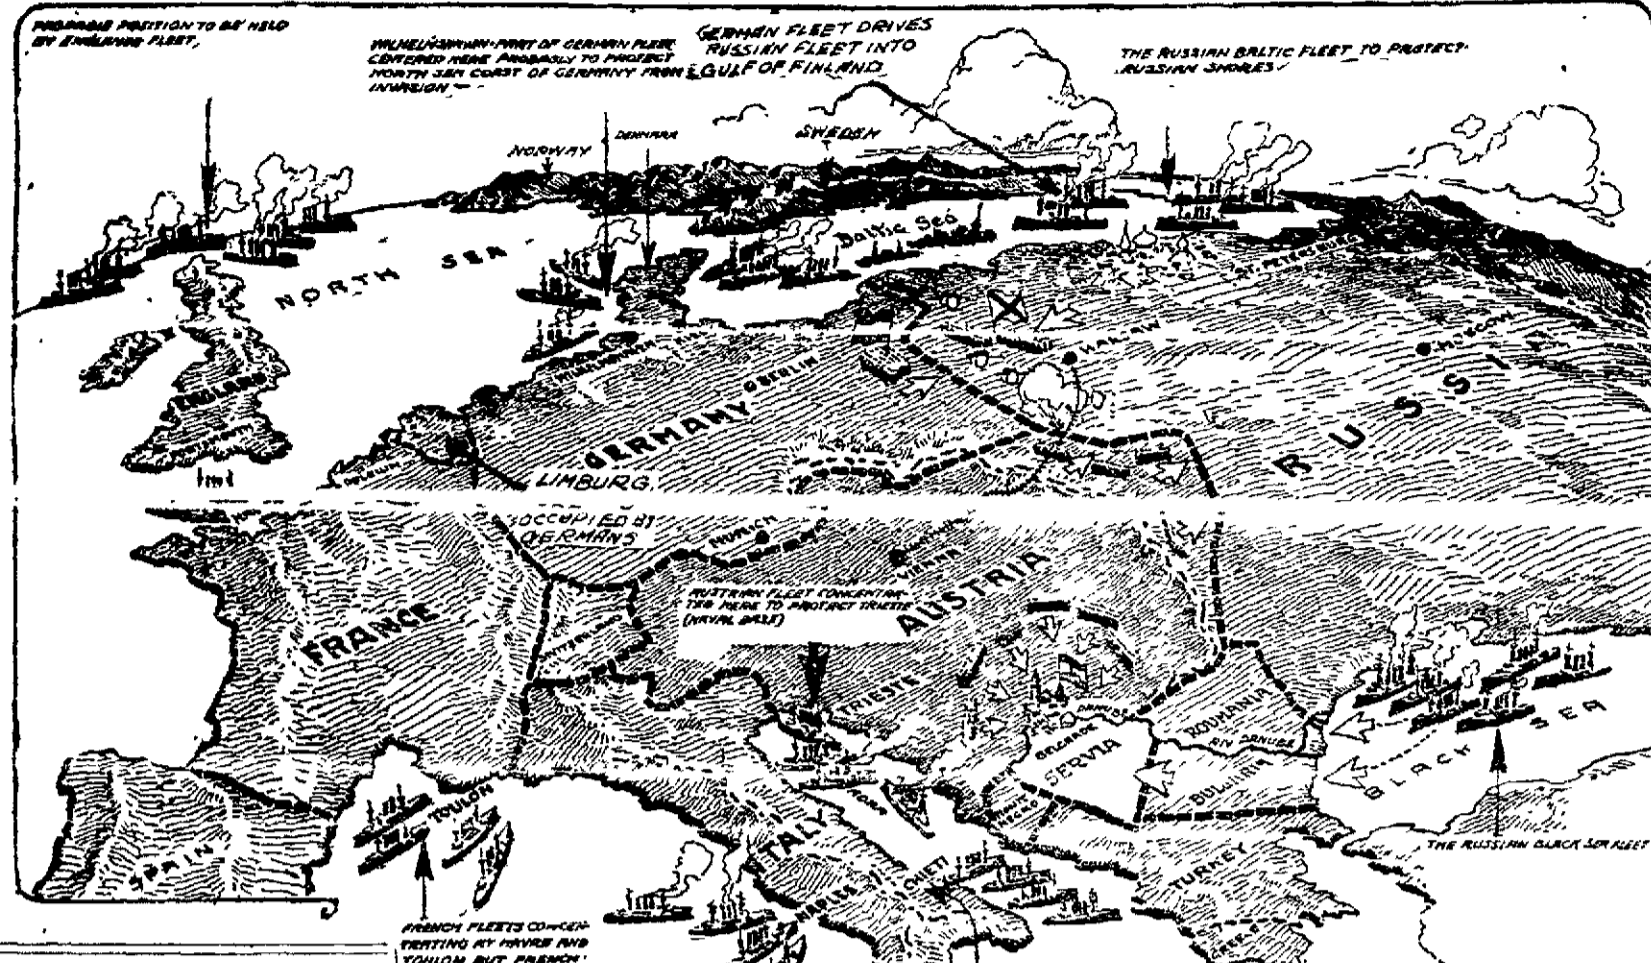

"If, as reported, Germany has violated the neutrality of Belgium," said Dr. Bunge, "it will probably mean the stoppage of all commerce by steamer to Antwerp. Belgium, the third largest and important port of the continent, the danger might come from the side of Germany. The only way to reach Antwerp from the North sea is by way of the Escaut river, which passes through Holland territory."

If the Germans should take Brussels, as is possible, it is presumed that the Belgium capital will be moved to Antwerp. In such a case the matter of passing Flushing, Netherlands, where there is a strong fortress, will probably be one of the important phases of this war, for many nations are interested in maintaining the neutrality of Belgium if the Germans do take Brussels, as they may, many powers might want to reach Antwerp from the sea, as it would be impossible otherwise."

THEY DON'T SPEAK.

Four society leaders today are on their way to New York where they will embark for Europe to fight for their respective countries. Arriving at a forced landing to board a train, they maintained an appearance of hostility toward each other, although in the past they were friends, meeting socially on many occasions. They were the Baron Von Schroeder and Captain Jensen, who will join German forces; a Frenchman, who will join the British; and a Russian, who will join the French. The latter was accompanied by his wife, the former Beatrice Tobin, who left him at the train. Lieutenant Seymour went on crutches, having been recently injured in a polo game. This injury is not serious.

TOPOGRAPHICAL MAP OF WAR ZONE

Wars and rumors of wars. Calm the leaders of men from the wrath and passion of strife. Enable them to see and follow the right pathway of human progress. Bind more securely the century bonds of world federation. Quickened everywhere a sense of the appalling horrors of war. Spread abroad the spirit of true righteousness and peace with fuller power of the Prince of Peace and of his church. We ask this through the same, Thy Son, our Savior, Jesus Christ, Amen.

MINISTERS SEEK PEACE.

"We, a little band of Christian ministers, on behalf of our Master the Lord Jesus Christ, place on record our formal protest against the present wicked war in Europe. We call upon all Christian men, Kaiser, Czar and common people, to stop and think."

Such is the resolution adopted yesterday at the regular meeting of the Methodist ministers. The Rev. J. D. Hammond, D. D., introduced the measure with a few words of appeal. Dr. Larkin, chairman, put the resolution, and it was unanimously adopted without discussion.

The address of the morning was made by the Rev. Dr. Franklin K. Hall, president of the Methodist School of Theology at Denver, Colo. In treating of the problem of the greatest good for the greatest number, he represented Christianity as the greatest conception of justice, not legislative, but of love and righteousness.

PICNIC POSTPONED.

Because of the European situation and the fear that Greece might be called upon to take up arms for her Serbian allies, the Pan-Hellenic Union, with more than 900 members in San Francisco, has canceled a picnic to have been given August 9. Constantin Dravillas, vice-president of the union, said yesterday that although no formal notification of war plans has reached the Greeks in California, there is a feeling that their nation is being drawn into the war.

KAISER EXHORTS HIS PARLIAMENT

His Government, He Asserts, Tried to Preserve Peace of Europe.

BERLIN Aug. 4.—Emperor William opened the imperial parliament in person today. He delivered an important speech from the throne, which was partly as follows:

"The present situation arose not from temporary conflicts of interest or diplomatic combinations, but is the result of ill-will existing for years against the German empire and the prosperity of the German people."

"We are not pushed on by the desire of conquest. We are moved by the unending desire to secure for ourselves and those coming after us the place on which God has put us."

CRAFT MAY CLASH IN PACIFIC WATER

Movements of English, Japanese and German Ships Watched.

In view of the neutrality proclamation of the United States, which provides that no ship of war or privateer of any belligerent shall be permitted to make use of any port or waters subject to the jurisdiction of the United States within 24 hours after a ship belonging to another belligerent has departed from such waters, and requiring any ship of a belligerent which enters waters of the United States to leave within 24 hours taking only such stores as may be necessary.

great interest attaches to the movements of British cruisers guarding English shipping in the Pacific.

When the British gunboat Shearwater left San Diego yesterday, her captain gave out the information that she was on the way to join the British gunboat Algerine, the Canadian cruiser Rainbow and the Japanese cruiser Idzuma. She left full provisioned and armed, and according to Captain Treadwell is to protect British shipping in the Pacific.

water and the Algerine are antiquated vessels of 1880 carrying sail rigging and having wooden hulls covered with thin armor, and the "protection" they could afford is considered a tragic joke in naval circles.

GERMANY CRAFT ALSO.

In the Gulf waters the German cruiser Leipzig is waiting, she is in communication with the Nürnberg, both vessels being up-to-date with heavy armament and speed of more than 22 knots against the Shearwater's limit of 18. Should the Idzuma, a first-class armored Japanese cruiser join these two antiquated vessels, there might be grave question as to the outcome of an engagement, should there be one, which is not at all probable at present.

The exact location of the Algerine and Idzuma is not known, but both vessels are believed to be steaming north from Mexico and it is believed they will rendezvous at Magdalena bay to meet the Shearwater and Rainbow.

Another British freighter which left here on July 14 with coal and supplies for the Japan has not been heard from and her position is a mystery at present. This is the Cetina, which, it is believed, has been commandeered by the Germans. It was last Friday when she reported delivering her cargo to the Mexicans.

Mrs. V. A. K. Wall Wins Her Final Decree

SAN FRANCISCO Aug. 4.—Mrs. Violet Armstrong Kesner, wife of Carlton Kesner, a well-known and successful head of the Teichau Tavern Company, was granted a final decree of divorce by Superior Judge Morgan today. The filing of action by Mrs. Wall a year ago ended a bitter and acrimonious battle which had been unable to reconcile her husband to married life. She said that she suffered great humiliation because of her husband's treatment of her and that she was finally compelled to leave him.

Mrs. Wall received a large share of the community property at the time of the granting of the interlocutory decree.

Millionaire's Estate Admitted to Probate

The will of the late Charles A. Hooper Alameda lumberman, who was worth nearly \$2,000,000, was admitted to probate today by Superior Judge Waste who issued letters of administration to W. E. Creed, the executor.

Kimms Children Placed in Security

Their parents involved with the law, May Kimms, 14 years, and John Kimms, 6 years, were placed in charge of the Associated Charities today by Superior Judge Ogden. "Dr." B. D. Kimms, alias Brennan, is accused of having used the children to pass checks forged by him. The family resided in Hayward. It is said that the mother is in trouble in San Francisco.

Edward Nissen and George Joist, who were defendants in the forgery cases, asked to have the children released, but Judge Ogden refused to do so. He believed that too much leniency has been shown in such cases, said the district attorney.

Big Force Battling With Flames in Forest

KALISPELL, Mont., Aug. 4.—Two hundred men are fighting forest fires which broke out yesterday near Essex. The blaze is said to be beyond control and urgent messages have been sent to Great Falls, 100 miles for 100 more men. Kalispell lumbermen have volunteered and are now on the way. Six smaller fires are burning in Flathead county, but can probably be controlled.

Steamship to Test Panama Canal Locks

COLON, Aug. 4.—The steamship Cristobal left here yesterday on a trial trip through the canal as set by the Marlorado locks. This is preparatory to the formal opening of the canal on August 15, to the commerce of the world. The Cristobal will return here today.

Seek Missing School Boy, Harold Roberts

Search was commenced today by Sheriff Barnett and the police for Harold Roberts, 16-year-old son of W. B. Roberts, 2900 Grove street, who disappeared from the Polytechnic high school last night.

are frantic with fear that he has met with foul play. Young Roberts is six feet in height and weighs 190 pounds. He wears his hair pompadour. When he left home he had a small sum of money, and rode a bicycle. The police have a grandmother living at Cottonwood, Shasta county.

J. Samuels, 212 Chestnut street, reported to the authorities today that his son, Manuel, 19 years of age, an employee of the Southern Pacific, has been missing from his home since yesterday morning.

Veteran Railway Man Is Dead in South

LOS ANGELES, Aug. 4.—William B. Strong, 77 years of age, former president of the Atkinson, Topeka & Santa Fe railroad, died at his home here late yesterday. He had been ill for several years.

Strong was vice-president of the Santa Fe railway from 1877 to 1880, when he became president of the railroad. He served as president nine years.

Thinks Whole Lot of Mother-in-Law

That mother-in-laws are the "most uncharitable persons in the world as a rule" was a theory when Superior Judge Ogden endeavored to impress upon Joe Dears this morning when he was appearing in court.

port on his probation. Dears attributed his trouble to his mother-in-law. His wife accused him of failing to provide for her.

"I would advise you to make peace with your mother-in-law," said Judge Ogden. They are probably the most uncharitable persons in the world.

"Well, in spite of the general supposition, I think a whole lot of my mother-in-law," replied Dears.

"How is business with you?" queried the court.

"Pretty good just now," replied the probationer. "How did you enjoy your vacation, Judge?"

"Very much," responded the court. "I'll see you again on October 6 and I hope you have as favorable a report to make."

Says "Meat Strike" Would Reduce Price

CHICAGO, Aug. 4.—"Hunger strikes" by meat consumers were suggested here today by John T. Russell, president of the Master Butchers' Association, as a means of keeping the price of meat from being inflated. The master butchers today opened their twenty-ninth annual convention here.

"There may be no limit to the famine prices that may be put on meats," said Russell. "Meat prices are as high now as they ever should be. The people should stand shoulder to shoulder to prevent extortion and should refuse to eat certain meats until the prices had been reduced to a proper figure. The dealers would soon come to their senses if such tactics were adopted."

An export duty of 5 per cent on beef was advised by Russell.

Says Cleaner Living Reduced Tuberculosis

LEAD, S. D., Aug. 4.—Cleaner living is reducing tuberculosis among employees of the Homestake Mining Company, Dr. F. L. Klough, head of the company hospital, told the federal industrial relations commission today.

"Our employees are learning to sleep with open windows and not to crowd themselves into rooms," he said. "Until recent years many foreign-born families kept as many roomers as they could possibly accommodate. When the three-day shift rule went into effect some houses had three sets of men sleeping in them in a single day."

MRS. ELLA FLAGG YOUNG IS NOW IN EUROPE

CHICAGO, Aug. 4.—Chicago schools will be crippled by the absence of a number of teachers marooned in Europe by war conditions unless the transport of non-combatants out of the scene of action is arranged for, it was said today. More than 400 teachers from this city are in Europe, according to the records of the board of education, and attempts to get into communication with them have so far failed.

Among those missing are Mrs. Ella Flagg Young, superintendent of Chicago schools, and her traveling companion, Mrs. Gertrude Howe Britton, who are thought to be in Berlin. A special dispatch from London today stated that the terminals inspection commission of the Chicago city council, with whom Mrs. Young and Mrs. Britton had been traveling, had been unable to get word from either since they left for Germany.

DEFALCATION CASE CONTINUED.

Report of the probate office on the case of the late William Wright, confessed defaulter of University of Board of Education, was continued for one week when the matter came up before Superior Judge Ogden today.

OFFICIALS SHOW USE OF CITY COIN

Quarterly Reports Are Made by
San Leandro Clerk and
Treasurer.

SAN LEANDRO, Aug. 4.—Financial reports for the quarter ending July 31 were handed in by City Clerk W. J. Garrison and City Treasurer Leo Brischner at last night's meeting of the Board of Trustees. Following is the balance on hand in different departments:

General fund, \$2052.96; advertising, \$1305.88; street lighting, \$1253.88; sewer and water, \$1281.86; fire department, \$627.65; sewer bond of 1903, \$424.05; sewer bond of 1909, \$1473.66; library, \$509.42. Total balance in hand, \$4343.95. I. W. Hellman asked the Board to give him right of way to connect the sewer of his ranch with the town's main sewer. The request was referred to the engineer.

The residents in Victoria Court asked for more light in their neighborhood. In connection with the right of way across a new tract in town, A. L. Peralta suggested that City Attorney A. A. Rogers confer with A. J. Russell, representing the trustees of the Haney estate. The trustees transferred the liquor license of C. Christensen of the San Leandro Hotel to D. Martinelli.

THEY NEED NO BAIL, WHEN TAKEN SPEEDING

SAN LEANDRO, Aug. 4.—The speed case then the speeded law helped the pretty San Leandro autoists who in the new touring car of Miss Elmer Knox almost outdistanced the arresting officer who was mounted on a motorcycle. The party set out towards Alum Rock, near San Jose where after a good time they started on the return journey. A clear stretch of the road presented itself, like-wise the opportunity of trying out the new machine.

Miss Knox threw open the throttle and the car slipped along at a gathering speed until the register pointed to 40. The quintette felt a tremor of apprehension which didn't stop when a snoring motorcycle pulled up along side with an effort and a policeman commanded them to stop. With a clear case before him, he took lots of pleading on the part of the girls to persuade their captor to let them go.

Committed and without a vestige of speed panic, the five returned to San Leandro well within the limit. They agreed the officer was a "hasty beast" to stop them, even though they were going a little bit fast.

With Miss Knox in the car were Miss Vera Simpson, Miss Agnes O'Brien, Miss Lillian Mosser, and Miss Lillian Cozart.

MELROSE IMPROVEMENT CLUB HEARS CANDIDATES

MELROSE, Aug. 4.—The South Melrose Improvement Club gave a whist tournament on Saturday evening. Those present were, Mrs. J. W. Geary, Judge Aaron Turner, Paul Turner, Mary A. Todd, W. C. Allen, Charles W. Heyer, Senator George J. Hanna, Tony Mazzotto and R. E. Reeves.

Charles A. Calhoun, a prominent member of the club, expressed the regrets of M. J. Kelly, county treasurer, and C. J. Homer, county assessor, on their inability to attend.

The club meets in the Melrose Grammar School, Fifty-second avenue, every first and third Monday. The officers are: President, S. R. Smith; vice-president, R. O'Neil; secretary, R. N. Jensen; treasurer, Mrs. George Boyesen.

COUNTY LIBRARY IS SUCCESS, IS REPORTED

NILES, Aug. 4.—The county branch library reports a busy season with a large increase in circulation.

Several new records have been received at the Altamont library.

Mr. Norris of the Alvarado branch was a visitor at the Niles branch recently. Sunol library has received 28 new books, and also a set of stereographs of France and Panama.

A new set of stereographs consisting of scenes of Panama, Philippine Islands, Puerto Rico, Spain, Belgium and Holland have been received at the Newark library.

Since the close of school the circulation of juvenile books has not been so good at the Mt. Eden library.

Several new records have been received at the Altamont library.

PIONEER RESIDENT DIES

FITCHBURG, Aug. 4.—Martinus Hansen, an old pioneer of Fitchburg and San Leandro, died yesterday in San Francisco, after a long illness following a stroke of paralysis. Hansen was 75 years of age. He served as a trustee for Lockwood School. He had been engaged in Government work on Yerba Buena Island. Hansen leaves one son, J. C. Hansen, and two daughters, Miss Annette Hansen, and Mrs. George Beach of Portland.

COUPLE RETURN

SAN LEANDRO, Aug. 4.—Mr. and Mrs. Harris F. Jones have returned from their honeymoon to the southern part of the state and are receiving friends at their home. Before her wedding the bride was Miss Elizabeth Hawes. She is a daughter of Mrs. Elizabeth Hawes of East Fourteenth street.

POLICE SEEK MISSING S. F. SALOON KEEPER

SAN FRANCISCO, Aug. 4.—The police admitted today that they had obtained no new clue to the whereabouts of Lawrence E. Selenger, proprietor of a saloon at 404 Kearney street, who dropped from sight early yesterday morning. Selenger's memorandum book, check book and key ring were found in a rear alley, about a block from his place of business, and it is thought that he may have been kidnapped or that he had been drugged and beaten into insensibility.

This morning his brother, C. Selenger, of Bates & Selenger, hatters, declared that he had heard no word from the missing man and could advance no theory of his possible whereabouts. Selenger had purchased the saloon only two days before his disappearance.

His wife is completely unnerved by his continued absence and is under the care of a physician.

Selenger was formerly proprietor of the Hotel Rusticana at Camp Meeker and resides at 1403 Steiner street.

BURGLAR ROBS STORE AS CROWDS PASS BY

Entering the store by a transom over the door, in momentary danger of being caught in the act, a daring burglar last night perpetrated one of the boldest robberies reported to the police in some time, entering the Quinn shoe store, 466 Twelfth street, rifling the till, in plain sight of the street, and then opening the front door, leaving the place with his loot. The robbery was not discovered until the store was opened this morning.

Policeman Duane, on the Twelfth street patrol, first noticed that the transom was opened and closed it, believing that it had been left open by the store management when the place was closed for the night. He made a report of the occurrence to the central police station, but at the time his theory was accepted and no investigation was made.

The attendance found the cash registers open. The thief got about \$20 in coin. Nothing else was taken. The transom was discovered open at about 6:30 this morning, but how long it had remained open the police do not know. Detectives have been detailed to the case and are conducting a rigid examination. The work of one of a gang of crooks who have

WOMAN COMMITTS SUICIDE

SAN FRANCISCO, Aug. 4.—Ill and despondent and believing that she was never to recover her health Mrs. Emily Olsen, wife of Dr. Alaus Olsen, professor of massaging and medical gymnastics of 1800 Buchanan street, committed suicide this morning. Mrs. Olsen, who was 54 years old, was found dead in her room by her son, Leis Olsen. The windows had been tightly closed and the key on the gas jet turned fully on.

MINOR THEFTS REPORTED.
Sneak thieves were active last night, according to this morning's police "clips." Mrs. L. A. Woods, 599 Forty-seventh avenue, reports that several articles of value were stolen from her home, and Natalie Ringstrom, 2208 Telegraph avenue, also reports minor thefts from her home.

SENTENCED FOR FRAUD.
PORTLAND, Ore., Aug. 4.—John W. Logan, convicted of fraud in connection with the locating of persons on the Oregon and California land grant, was sentenced yesterday to serve twenty months in Manilla Island penitentiary.

SOCIETY GIRL CAUSES HER SUIT DISCONTINUED

SAN FRANCISCO, Aug. 4.—Mrs. Faith R. Goldman, New Orleans society girl, whose ability to keep a secret was evidenced by the fact that her marriage to Sidney Goldman, son of Joseph Goldman, wealthy local capitalist, was proper in court, today discontinued a \$50,000 damage suit against her father-in-law, and an action for separation. Prior to her marriage in 1913, Mrs. Goldman was Miss Edith Breckenridge, known as one of the prettiest girls in the South. Two weeks ago, she was secretly granted a divorce here from her wealthy husband on the ground of desertion. It is supposed that the property rights were settled out of court. Hence, the dismissal of the action which charged Goldman, Sr., with alienating her husband's affections. It was not until September, 1912, that the father discovered the marriage and then it is alleged, he spirited away his son and kept him out of sight.

CHURCH TO ENTERTAIN.

Judge Murphey Is Candidate Par Excellence

The electorate of California will have no more important duty to perform at the coming primary and general elections than the filling of the vacancies on the Supreme Bench of this State. The powers exercised by the Supreme Court under the constitution are indeed great, and must of necessity be so under our form of government, and it is therefore incumbent upon the voters in electing Supreme Court Judges, that they do so in a careful and discriminating manner. Under the law as it now exists the Judiciary has been removed from partisan politics and candidates must stand upon their own personality, individuality and merit. It is in the full sense of appreciation of this situation that Judge John D. Murphey of Mono county and his friends are making his campaign for the position of Associate Justice of the Supreme Court.

Judge Murphey is without exaggeration an ideal candidate for this high office. He stands before the citizens of this State, where he was born and has led an active life, with a character without blemish or stain. His experiences prove him to be peculiarly qualified for this office. He has learned from the hard school of experience what

it means for a man to succeed through his own efforts, and his knowledge gained in this way will always keep him in close touch with the affairs of men, and he can look at their problems and difficulties with the eyes of one who has had his own struggles in the past. Through his own efforts he earned his way through the University of California and was graduated with high honors.

The qualifications of Judge Murphey from the standpoint of the legal profession are of the highest. His experiences, first as a general practitioner before the bar and later as District Attorney of Mono County, and his career as a Superior Judge for twelve years all play an important part in rounding out his breadth of view—a quality so necessary in the position to which he aspires. While Judge Murphey has acted as a Superior Judge of one of the smaller counties of the State, there is probably no Superior Judge in California more widely known. This is due to the fact that only a small portion of the services rendered by him as a Superior Judge have been performed in his own county. For years he has taken advantage of the small amount of litigation at his home, and has freely given his services to the more populous counties, where the court calendars have been congested and crowded. He

has the record of having sat in more cases outside of his own county than any other Superior Judge in the State. In many places Judge Murphey's visits have been so frequent and regular that he has become to be regarded by the members of the bar and litigants in such places in the same way as if he were one of their own judges. This situation is being strongly shown in his present campaign. In such counties as Alameda, San Francisco and Los Angeles his campaign is being conducted by local residents in exactly the same manner as if he were residing therein. Committees to further Judge Murphey's candidacy have been organized in a large number of those counties, and in every instance they contain the names of those who are prominent and well known in their communities. Large numbers of the Superior Judges of the State who have come in close contact with Judge Murphey in the performance of his duties, have given his candidacy their unqualified indorsement. He is receiving the enthusiastic support of hundreds of members of the bar throughout the State.

Last year Judge Murphey was designated by the Supreme Court to act for a term of three months as one of the Judges of the First District Court of Appeals. In this capacity his duties were

very similar to those of an Associate Justice of the Supreme Court, and thus his experiences in this regard were an excellent test as to his capabilities. It is almost needless to say that during his short career on the Appellate Bench, he performed his duties in such a manner as to elicit commendation from all who came in contact with him. His written opinions have been characterized by their fairness and depth of legal knowledge, and among Judge Murphey's most ardent supporters may be found members of both the Supreme and Appellate Courts.

The support being accorded to Judge Murphey in Alameda County is most enthusiastic and general. The Alameda County Superior Judge and the members of the Alameda County bar are leading the fight for an overwhelmingly vote for Judge Murphey. They believe that the people of this County will on election day express to Judge Murphey their appreciation of the valuable services he has rendered here, and from present indications this same spirit is being followed in all the communities where Judge Murphey has rendered his services. Judge Murphey's election by an enormous majority at the polls will undoubtedly be one of the best results gained in the coming elections.

California Banks Are On Sound Cash Basis

Following an interchange of ideas between the leading bankers of Oakland and San Francisco yesterday, the announcement was made that there will be no necessity for the enforcement of the sixty days clause before withdrawal of deposits, and also that there will be no necessity for issuing clearing house certificates to meet any situation arising out of the European crisis or for the moving of crops.

It was stated at the same time that the situation here is not at all as it is in New York and other eastern cities and was explained that the use of clearing house certificates there is for the settlement of balances, these certificates being used for payment in lieu of an actual interchange of cash.

The banks of the bay cities are well provided with money, and the announcement by the government that emergency currency will be available for crop transportation has aided the situation. There is no parallel between conditions now and in 1907, where there was a paucity of money.

Depositors in the bay cities have shown no apprehension. Deposits and withdrawals continue on the same basis, according to information collaborated by one of the leading financial institutions of this city.

It is said that the conditions applying to Oakland and San Francisco also apply to every city from Los Angeles to the Canadian line, and that all banks along the coast are in a condition to meet every demand and to supply every emergency.

This announcement, coming as it does with the news that both sides in the threatened engineers' strike have agreed to arbitration, assures California and the other western states of ample money and facilities for moving their crops and consequent prosperity attending upon the situation.

Bay city bankers were very optimistic yesterday afternoon following the receipt of this information and predicted that the Pacific Coast would soon be enjoying an era of prosperity following a demand for the produce of these states.

This is good news for all and should be a stimulation for every farmer, workingman and business man on the west coast. For, in connection with the eastern situation, the announcement that the Treasury Department has relieved the situation in New York by adding about fifty millions to the gold supply will have a good effect and it is very likely that the temporary tension created there by taking gold for export will soon be over, and with accelerated exports of produce to the Old World there will be a business revival of importance and magnitude.

There is no reason for apprehension according to the leading financiers, and none is being shown in any quarter along the Pacific Coast.

NEUTRALS AND THE EFFECT OF THE WAR.

All Europe being likely to be involved in war, the question of our neutral trade with the belligerents is of interest. The United States and England have joined heretofore in the contention that neutral bottoms make neutral cargoes, except in the case of actual munitions of war, military material and equipment, or in case of non-contraband foodstuffs and fabrics being conveyed to a belligerent government or to a port that is a military or naval station.

In the latter case non-military goods are constructively contraband, subject to proof of non-military consignment in a prize court. At the beginning of the Russo-Japanese war Russia made a sweep-

—BY THE OAKLAND TRIBUNE CARTOONIST.

ing admiralty order which transferred all constructive contraband goods to the actual contraband list. This order was protested by our secretary of state, John Hay, and by Lord Lansdowne, on behalf of England. Finally Lamsdorf, the Russian minister, was constrained to cancel the offensive admiralty order and return the contraband list to the limit of military stores. Japan somewhat exceeded the limit by the seizure of non-contraband consigned to a Russian port that was not a military or naval station in Siberia. The cargoes seized were American goods in American ships and the seizure and condemnation are still the subject of diplomatic controversy between this country and Japan.

The fighting armies must eat, and while we have not the large food surplus for export that was formerly produced here, it is large enough to materially affect prices. One of the greatest field products of Germany is the potato. The effect on that staple is seen already in its rapid rise in price in France, where it jumped \$4 per 100 kilos. As all the potato-raising countries of Europe are involved in the war, the effect of free potatoes in our new tariff will not be felt by this year's crop. On the contrary, any surplus we have will be exported, with firm prices for home consumption as a result. The cessation of wheat exports from Russia will stiffen that grain and the effect will be felt in the market.

Just what we are to do for neutral bottoms in which to export remains to be seen.

President Wilson urges us all to be calm. Why the necessity for such an admonition?

Just the same, the first fight between the Austrians and Servians occurred in Los Angeles.

From Atchison, Kan., comes the story of a windmill on top of a chicken coop, which during a high wind caught fire from the heat of the friction caused by the swift revolutions of the arms. The coop was destroyed.

TWENTY YEARS AGO TODAY

Shamus O'Brien is enjoying an unusually good run at the People's Theater. As presented by James M. Ward and Carrie Clark Ward, it is a faithful exposition of Irish life.

Commissioners Carrothers and Miller of the Board of Public Works have decided that the water from the springs under the Garfield school, which now threaten to undermine the addition to the structure, must be carried away through an iron pipe or brick sewer.

A party of Oaklanders left for a month's trip to Dry Creek, Benavente county. The party consists of Deputy Sheriff Mason and family, Manuel Elguera, and wife, Henry Hahn and family, Mrs. Carrie West, John Hock and family and Miss Anna Drake.

The wedding of Miss Cohen and Dr. W. C. Daggett, both of Alameda, will take place on August 15.

Branch 15 of the National Letter Carriers' Association, comprising the Oakland and Alameda letter carriers, held a meeting for the purpose of electing a delegate to the National Convention, which will convene at Cleveland, Ohio. The meeting was presided over by President Finch and Postmaster J. J. White and his assistant, Mr. Martin, were also

in attendance. As this is considered the highest honor a carrier can receive at the hands of his associates, the contest naturally excited much interest and intense rivalry, and after three ballots Frank Belden secured the coveted prize. The seventh ward has entered a new candidate in the race for the Republican nomination for Superior Judge. A committee waited on Judge W. H. Field and asked him to become a candidate for Superior Judge. Judge Field consented to stand for the nomination and the committee promised to give him their full support. Judge Field is well known in both legal and political circles on both sides of the bay.

Dr. Simpson has returned from a trip to Arizona, where he has been looking after his mining interests.

The highest structure in America and, with the exception of the Eiffel Tower, the tallest in the world, is an \$25-foot tower erected in New Jersey by a German wireless telegraph company.

What is believed to be a record for speedy loading is that held by the Great Lakes steamship William E. Corey, which, at Two Harbors, Minn., took 10,000 tons of iron ore into her hold in 25 minutes.

HEIR TO FORTUNE VIOLATES PAROLE

Scion of Wealthy Family in the
Toils of Police After Break-
ing Probation.

SAN FRANCISCO, Aug. 4.—Miles T. Baird, scion of a pioneer California family, who in the last seven years has gone through a half million dollar legacy, left him by his father, spent today in the city prison. He was picked up by Detective Sargent Frank O'Brien for violating his parole given two years ago, when he was arrested for passing a fictitious check.

In order to cure himself of a tendency to over-indulgence in intoxicants and to avoid the lure of the bright lights, Baird recently had himself committed to the Alameda hospital. As soon as the doctors closed against him his life he petitioned to be appointed his guardian. As he is about to inherit an interest in his uncle's estate, he obtained to this day of his attorney Harry Starford, to fight the case. The protest resulted in the man being continued for one month. His presence in the city, however, gave opportunity for the serving of the warrant for parole violation.

JORDAN ASKS ADVICE ON BOND ADVERTISING

SACRAMENTO, Aug. 4.—Secretary of State Jordan asked Attorney General Webb yesterday for an opinion regarding the legality of the advertising of the proposed San Francisco \$10,000,000 harbor improvement bond issue, the San Francisco \$1,000,000 State building bond issue and the \$1,250,000 Los Angeles State building bond issue.

Jordan raised the point that if these bonding acts are voted by the people at the general election in November, the bonds may be invalidated because certain clauses requiring the Secretary of State to advise them in the newspapers of the date have not been complied with. Jordan declares that the advertising was directed by the State Board of Control, and that while he was willing to waive the right to object to the printing of the measures without his official attestation as to their correctness.

SPEED LIMIT ORDERED: CITY HALL TO OBSERVE

The strange and remarkable city hall that hasn't a speed limit. Oakland's city hall isn't that kind, and the speed limit applies to the perambulating foot polisher machine, that like a miniature auto, speeds to and fro, while a sandpaper cylinder on it polished off all the rough spots on the hardware floors in the new building. They can't run it over four miles an hour now.

WOMAN REFUSES OPERATION

Tells How She Was Saved
by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine."

"I hope other suffering women will try your Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

VALLEJO SCHOOLS ARE NOW OPEN

Big Attendance Marks the New
Term; the Record is
Broken.

VALLEJO, Aug. 4.—The Vallejo Public Schools opened yesterday with a large attendance and teachers and pupils seemed ready and eager to get back to work. Fresh from the summer vacation, the children returned to their studies with a new record for attendance. Superintendent of Schools Guy V. Whaley was on hand to take charge of the school department while the various teachers who have been enjoying vacation returned to their duties greatly recuperated and more than anxious to establish a new record for sending out large graduating classes.

As the children of the city returned to school, the attendance for the first day of the new term was about normal. The total registration for the last term at the High School was 220, but it is expected to be considerably larger for the coming term. The attendance reported at the other schools was as follows:

Roosevelt (Orphans' Home), 99; Grant (South Vallejo), 85; Decker, 102; Farragut, 148; Jefferson, 232; Lincoln, enrollment not available, but very heavy. St. Vincent's convent school opened yesterday with an enrollment of 100, which is a large increase over the opening attendance of the last term. Sister M. Bernard, a former Vallejo girl, is now the Sister Superior in charge of the school. Several changes have also been made among the teachers in the school. Sisters M. Josephine, M. Aloysius, M. Isabella and M. Eugene of San Rafael and San Francisco taking the places of Sisters M. Francis, M. Mesalia, M. Hilda-graff and M. Patricia.

MARE ISLAND NOTES

MARE ISLAND, Aug. 4.—According to Mare Island officers the keel for the dreadnought California, which they hope to build at the local naval station, cannot be laid until the fall of 1915. The keel for the vessel and her two sister ships are opened in October and the keel for the third ship is opened in November. The Navy Yard officials say that none of the steel mills can make the delivery of material for the three ships to the local station until the fall of 1915.

The refrigerator ship Glacier is to arrive at San Diego on the 14th inst., and after a short stay at that southern port she will come north to Mare Island where she will be docked and receive repairs. Both the cruiser Denver and collier Ashland are expected to be on their way to Mare Island today from the cruiser Raleigh and the collier Nero. Both vessels are in Mexican waters but it is expected they may be ordered here in the near future to be docked.

CAPTAIN STAYS BY HIS WHEEL; OFFICERS SAFE

When a sailor's a hero on water he's a hero on land, too, and Captain McLean of the ferry boat "No. 10" (Thoroughfare), proved it Sunday, according to news received at the police station today. As a result Inspector Rodie Wallman, Police- man Lhoson and Lieutenant William Woods have achieved reputations as acrobats, but haven't a scar to show, even though their automobile skidded and threw them about. Captain McLean, true to the traditions of seafaring men, even when faring on the land, stuck to the wheel and kept the machine from colliding with a tree.

KAISER'S CHANCELLOR IS SECOND BISMARCK

BERLIN, Aug. 4.—Dr. von Bethmann-Hollweg, the Imperial Chancellor, has received the position of second Bismarck, the philosopher of Hohenzollern, as he is called, has been many times predicted since the Emperor called upon him to take the place of Prince von Buelow, but these predictions have regularly been upset and there is today no indication that the Chancellor does not possess the full confidence of the ruler.

Von Bethmann-Hollweg has been the target for much criticism, and he has unquestionably made some mistakes, but a review of his five years of office shows that he has accomplished as much, if not more than any other chancellor since Bismarck. The adoption of the peace treaty in 1911, when the Prussian king and the Crown Prince were for war with France, are acknowledged, and the growth of a better understanding between Germany and Great Britain was in no small degree his work. His course has won for him general respect, although he has few warm political friends.

EUREKA, Cal., Aug. 4.—Sheriff R. A. Redmond reached Eureka late yesterday with Harry Cole, a man charged by coroner's jury with the murder of Florence Gist, an 11-year-old girl, whose body was found recently under a pile of rocks in the Klamath river. Cole was arrested on the north fork of Salmon river in Siskiyou county.

THEN -and- NOW

One hundred and twenty-four years ago today George Washington signed the Congressional Act which established the United States Revenue Cutter Service. It thus became the first maritime force of the American Republic. Fifteen months later there were ten revenue cutters in the service, and the old Continental Navy. These vessels constituted the only armed force afloat belonging to the United States for the following six years. Their duties were to patrol the coast, extending in those days from Maine to Georgia, to prevent smuggling, and to enforce the few maritime laws existing in the United States. Organized under the Treasury Department, it remained in the discretion of the President to send them to war under the navy. Fighting French privateers in 1798, the revenue cutters captured eighteen of the twenty-two prizes taken by the United States. In the war of 1812 they captured the first prize ship, and fought gallantly throughout the war. They fought in the Mexican war; one of the cutters accompanied the naval expedition against Paraguay in 1858. During the Civil war they fought with the navy and helped to maintain the blockade of Southern ports. In the Spanish-American War a revenue cutter accompanied Dewey into Manila bay, while the crew of another won Congressional medals for its spectacular rescue of Ensign Bagley's helpless torpedo boat at Cardenas, Cuba.

OIL MEN ARE GRANTED RELIEF BY CONGRESS

WASHINGTON, Aug. 4.—The House yesterday passed the Church bill, giving temporary relief to oil operators in Kern and Fresno counties whose claims are tied up in litigation with the Government. The bill authorizes the Secretary of the Interior to allow all operators who claim patents to their lands to proceed with production pending settlement of their patents. During such time the Government will retain one-eighth royalty of the oil produced, and these whose patents are finally perfected will be refunded the royalties.

AN APPEAL TO WIVES

You know the terrible affliction that comes to many homes from the result of a drinking husband or son. You know it is needed in the home to purchase food and clothing. ORRINE has saved thousands of drinking men. It is a home treatment and can be given secretly. Four bottles will be refunded. Costs only \$1.00 a box. Come in and get a free booklet and let us tell you of the good ORRINE is doing.

Today forty-three armed cutters, tugs and launches, manned by 1728 officers and enlisted men, are scouring the seas as Uncle Sam's "watch-dogs of the sea." The majority are stationed along the coast of the United States ready to steam where duty calls. One may be going to sea to blow up a derelict that has become dangerous to navigation; another searching a ship for smuggled goods or examining her sailing papers; while a third may be on the way to suppress mutiny or piracy, or to enforce neutrality laws of American ports. The revenue cutter officer is empowered to enforce nearly every law bearing upon the maritime interests. They protect the seal fisheries of Alaska, and patrol the coast in search of vessels in distress during the winter months. Under a recent regulation the patrol the transatlantic lane of travel to warn all vessels of any nation of the danger of floating icebergs, such as the one that in 1897-98 that a cutter quarantined vessels in distress during the winter months. War; Neutral Ground; Ireland Stops Round; Bail Must Be Found

Hans Brink, a German through and through, and war declared, was valiant too, and fared him forth when full of beer to seek the French who're here, wherefore he fell into the toils of the police and all his spoils, with him also, are now in jail, awaiting \$50 bail.

He met a man named G. L. LaRouche, Frenchman, patriotic too, and filled, so the police declare, with potent old Vin Ordinaire, and when the two began to spout of war and how it would come out, a demonstration then took place: first blood was on the Frenchman's nose.

When powers fight on neutral ground they usually complete one round, and then are stopped by rules of war, which happened here, for soon there bore upon the scene Policeman Ryan, who stopped the fray, and now a fine awaits the twin in Oakland's courts, or jail will stop their war-like sports.

fall in such a manner as to save the county a large sum, as is demonstrated by his report for the year ending with July. With his personal supervision the county prisoners as well as the federal have been well fed and the figures show that during the year Barnett netted for Alameda county a profit of \$3,726.18 over all expenses. The report follows:

County of Alameda, California. State government for feeding federal prisoners, \$4,378; expenses, \$1,133.74. Profit turned over to county treasurer, \$3,244.26. Received by sheriff for feeding county prisoners, \$1,829.55; expenses, \$1,296.53, balance returned to county treasurer, \$533.02. Total returned to treasurer, \$3,777.28.

W. W. Cribbins, Republican candidate for the assembly in the thirty-sixth district, was one of the speakers at the meeting of the Alameda County Women's Republican Club at the Hotel Oakland and made a distinct hit in his twelve minute address on Republican reconstruction of government, being frequently interrupted with applause.

Edgar V. Keith, candidate for supervisor in the second district comprising Eden township and that part of Oakland east of Thirtieth avenue, is making a vigorous campaign for election, and reports great successes. He states he is more than gratified with the unsolicited support that is coming to him from quarters entirely unexpected.

Members of the Women's Democratic "Write-in" Club, the organization that proposes to nominate a straight Democratic ticket by writing in names on the primary ballots where no candidate except Progressives and Republicans appear, has instituted a novel campaign for raising funds. Each of the 200,000 Democrats of the state will be asked to send a dime and a two cent postage stamp to add this cause. If any surplus remains it will be turned over to the state central committee for campaign expenses.

A roll of honor of contributors will be kept.

"Don't forget," said A. L. Shinn, candidate for lieutenant-governor on the Republican ticket, addressing the meeting of the Alameda County Women's Republican Club at the Hotel Oakland. "To vote for a straight Republican candidate for governor; a man who has been true to his party principles and has not gone off to the political gods." William H. Helen K. Williams, also Republican candidate for the same position, arose and said, "Don't forget that there is a woman running for the same office on the Republican ticket. Stand by the women." Then everybody laughed and shook hands.

Charles D. Swan, president of one of the largest banking institutions in Stanislaus county, candidate for the straight Republican nomination for state treasurer, reports to his campaign headquarters that his tour of the San Joaquin valley was a highly successful one.

Henry C. Petray, principal of the Grant School of Oakland has completed arrangements for a number of rallies to be held in various sections of Oakland, Berkeley and Alameda within the next two weeks, to further his candidacy for the office of County Superintendent of Schools. Petray who has been at the head of the foremost schools of the county—Livermore, Hayward and Oakland—for the last twenty years and who served six years as a member of the County Board of Education, has the endorsement of the directors of the schools in the East Bay Cities. Appreciating Petray's ability as an educator, he was elected vice president of the California State Teachers' Association in 1901.

When Philip M. Walsh, Republican candidate for representative from the Sixth Congressional District to succeed Joseph R. Knowland, visited the California Cotton Mills in East Oakland, the other day, he was shown a large room where William H. Rutherford, textile expert and superintendent of the factory, in which much valuable machinery was lying idle. Rutherford explained to the congressional candidate that this room had been built by the employees "Democratic Room" for the reason that the Underwood tariff had put it out of business because the article "the cotton goods" turned out there under a protective tariff, and were manufactured now in competition with similar materials produced by the cheap labor of Europe. The shutting down of this department threw a large number of workers out of employment and reduced the payroll of the factory to about \$10,000 a year. Rutherford is a strong advocate of protection and pledged his support to Walsh, who has promised the voters of the Sixth Congressional District that if elected he "free trade" tariff measure and the restoration of a protective tariff. Walsh spoke last night before the Union Civic Center of Hayward and today he addressed the employees of the West Oakland Sash and Door Factory. Next Saturday he will address St. Andrew's Society at its picnic in Shell Mound Park.

An active campaign for re-election is being made by County Auditor E. P. Garrison. He is speaking at many meetings in all sections of Alameda county and his campaign is being generally endorsed because of his record as a county official.

GAL-THREE-POLITICAL... Frederick S. Stratton, former collector of port, and now candidate for justice of the Appellate Court, First District, short term, is receiving the endorsement of the Stratton Club of Santa Clara, formed for the purpose of making an active campaign in his behalf. Officers of the club are: A. L. Shaw, president; William A. Madden first vice president; George J. Murschel, second vice president; Robert Murray, secretary; and Roscoe Smith, treasurer.

Samuel M. Shortridge, Republican candidate for United States senator, addressed a meeting in the Garden Theater last night.

For re-election as assessor, is scheduled to address the Laundry Workers of Oakland Friday and a large meeting at Pleasanton Saturday. Horner has been endorsed by a large number of organizations throughout the county as well as individuals. Horner spoke before the Young Men's Republican Club at Berkeley last Saturday night, his speech being well received.

KNOWLAND WELCOMED IN VISALIA

Cities of Stockton and Sacramento Will Hold Big Rallies

Three hundred residents of Visalia last night applauded Congressman Jos. R. Knowland, Republican candidate for the office of United States Senator to the who when he reviewed the story of his fight to retain in the Panama Canal act the no tolls clause for vessels flying the American flag engaged in coastwise traffic. His vivisection of the Democratic tariff law was a masterly presentation of the facts and the familiarity he displayed with the conditions involved in that measure such as to attract the most favorable comment at the hands of his auditors. Congressman Knowland was at his best at this meeting and all his remarks were direct and to the point. Every sentence was explicit in character, every statement direct and comprehensive and at the conclusion of his remarks it was the judgment of all that Congressman Knowland had made one of the most striking addresses of the campaign. His utterances were an inspiration, his explanations succinct and from start to completion of his address he was roundly cheered. Following the meeting Congressman Knowland was complimented personally by men and women of the audience who thanked him for his visit and the enlightening address made.

The Visalia meeting was another reflection of the sentiment Congressman Knowland has fostered since he left Oakland last Wednesday which was so vividly shown when he spoke to an audience of 1200 persons at Fresno last Saturday night.

Mr. Knowland's tour of the San Joaquin Valley has been one of the remarkable successes of his campaign. At every place he has visited sentiment in his favor has been practically universal and his opponent appears to be practically unknown. His audiences have been surprisingly good and all his meetings intensely interesting and enthusiastic.

TWO MIGHTY RALLIES. Arrangements have been completed for two great Knowland rallies in Stockton and Sacramento this week. The Stockton

gathering will be held in the Yosemite theater Friday evening and the Sacramento meeting will be in the Clunite theater Saturday evening. Mrs. Knowland, who has been assisting her husband during his campaign, will be one of the speakers with her husband. Preceding his meeting at Visalia last night Mr. Knowland visited San Jose, Selma, Parlier, Reedley, Dinuba and Orosi, during the day where he met the leading Republicans of each place and was assured of support of an overwhelming character in each community. Today he is on his way to Hanford, stopping at smaller towns en route for brief addresses or consultations, closing the day with an address at Hanford this evening, where he is assured of a large gathering, the entire town being ready to extend him a cordial greeting. The Fresno-San Joaquin Valley tour will end at Bakersfield Thursday night, where Mrs. Knowland will join him Thursday morning. Thursday afternoon Mrs. Knowland will be the guest at a reception tendered by Mrs. Dorothy Smith Mason and in the evening will address a meeting in front of the city hall at which Mr. Knowland will be the principal speaker. At midnight they will depart for Stockton and Sacramento.

The Joseph R. Knowland Booster Club has been formed in the Haigst street district of San Francisco with the following executive committee: J. Gore, Thomas Cronin, Frank Kass, Fred Ziren, James Dolan, Joseph Nylund, Louis Lazarus and Robert Trash. The officers are: T. F. Dolan, president; H. T. Lauston, vice president; J. E. Dolan, secretary, and Charles Hughes, sergeant-at-arms.

Captain Frederick's headquarters is directing attention to the fact that the Republican aspirant for governor is receiving support at the hands of labor organizations, the latest being the Bricklayers' Social Club of San Francisco, of

which K. M. Killeen is president; E. B. Eaton, vice president, and W. Leddy, secretary. This organization recently passed a strong resolution favoring the candidacy of Captain Frederick and pledging every member to work for his election by personally interviewing each member of his union and such other members of the union through the state as may be possible. The club has decided to meet each Thursday evening between now and the primary election for the purpose of furthering his candidacy.

Afro-American councils at Sacramento, Stockton and Oakland have endorsed Captain Frederick, according to communications received at his headquarters. These being supplemented with letters of a personal character stating that in the northern cities where the councils have acted the leading colored churches have also taken a stand in behalf of the candidate. The support of pastors and congregations having been pledged in recognition of the untold fairness with which Frederick has handled all problems involving the African race. It is related that this action is to be followed by a similar endorsement on the part of the colored organizations of the whole state.

Attention is directed to the fact that three of the Republican candidates for governor are, rather have been military men. There is Captain Frederick who served in the Seventh California during the Spanish-American war, having been promoted to adjutant of the regiment before his term of service ended. Colonel W. C. Ralston, formerly a member of the governor's staff, and F. C. Keessling, who was a major in the National Guard of this state during a long term of service.

Keessling headquarters in the MacDonough building in Oakland are keeping in touch with their candidate who is doing a whirlwind stunt in the south, having started yesterday on a trip which includes fifty-three speeches. His itinerary for today included a speech at Monrovia at 9:15 this morning, at Glendora at 11:15, at Claremont at noon, Pomona at 1:30, Longbeach at 2:30, and at 3:15 Covina at 3:45, with a night meeting to follow. Wednesday he will hold six meetings and Thursday ten. Keessling is accompanied by a fife and drum corps and it is related that he has held sized meetings in all towns he is visiting.

Edward White, Democratic candidate for governor, who has been through Napa and Sonoma valleys in Alameda county today looking after his interests. Mr. White reports that wherever he has been he has been assured of hearty support.

Senator John B. Curtin, Democratic candidate for governor, reached Los Angeles yesterday on his trip through the southland and tonight will deliver an address at Long Beach. Curtin's supporters declare he is making great gains in the section south of Tehachapi.

H. D. Loveland of the state board of railroad commissioners, and P. H. Bloodgood of the state board of control will hold a meeting at Yuba City today on behalf of Governor Johnson. They will wind up the week at Redding, speaking at smaller towns during the next three days.

King Campaign Clubs are being organized in San Francisco and elsewhere as an offset to the "Curtin Clubs" and "Bill for Hall" clubs formed by two other Democratic aspirants for the gubernatorial nomination. King's headquarters for a trip south of Tehachapi for the purpose of completing his organization in the south. His secretary has been there for several days making preliminary arrangements.

W. C. Ralston, Republican candidate for governor, will address a rally in the hotel at the Rose room in the St. Francis Hotel tomorrow night at 8 o'clock.

Senator John B. Curtin, Democratic aspirant for governor, will speak at Riverdale Thursday evening, where he expects to have one of the largest meetings of his southern campaign. Prominent Democrats who favor his candidacy have made arrangements for the gathering and at its conclusion a "Curtin Club" will be formed to aid his candidacy.

District Attorney W. H. L. Hynes was given a warm reception at the meeting celebrating the thirtieth anniversary of the U. P. E. C. at San Lorenzo Park, where many hundreds were in attendance. Hynes is receiving new endorsements daily and his friends expect that he will be elected at the primaries. He is slated to speak at a number of organizations this week, while he extends his campaign to the rural districts.

For re-election as assessor, is scheduled to address the Laundry Workers of Oakland Friday and a large meeting at Pleasanton Saturday. Horner has been endorsed by a large number of organizations throughout the county as well as individuals. Horner spoke before the Young Men's Republican Club at Berkeley last Saturday night, his speech being well received.

after in San Jose last night, the same being a well attended gathering. San Jose is Mr. Shortridge's old home town and he is always assured of an audience whenever he appears there. Mr. Shortridge returned from a tour of the mountain counties yesterday.

Congressman Joseph R. Knowland will be among the speakers at a big rally which will be held next Saturday afternoon at 2 o'clock at Pleasanton. The meeting is being arranged by Peter Oken, one of the best known men of the east, and part of the county and among the speakers he has invited is William R. Geary, Progressive candidate for congress, Superior Judges Harris, Brown and Deane, George E. Gross, County Auditor G. W. Bacon, District Attorney W. H. L. Hynes, Sheriff Frank Barnett, County Auditor E. J. Garrison, County Treasurer M. J. Kelly and County Assessor Horner.

Thomas F. Griffin, Democratic candidate for the United States senate, who is in the northern section, will address a meeting at Chico tomorrow night and at Woodland Wednesday. It is stated that Griffin's headquarters that while James D. Phelan has been securing considerable publicity during his tour of various sections of the state that Griffin has been securing the votes and his supporters contend he will be nominated.

Judge William M. Conley, candidate for chief justice of the Supreme Court, has arrived home in Madera after a month's tour of Southern California and the lower San Joaquin valley. During his stay in the south he visited San Diego, Santa Ana, San Bernardino, Redlands, Riverside, Santa Ana, Ventura, Los Angeles. A great part of his time was devoted to a series of visits to the chief centers of population of Los Angeles county. Judge Conley reports an enthusiastic reception throughout the south. He will start north on Tuesday and visit Stockton, Sacramento and Vallejo before reaching San Francisco on August 7.

The Thirteenth Avenue Political Club was formed at a meeting held last Saturday evening. The club is composed of business men of the district and male holders of East Oakland. The club is non-partisan.

More than sixty-five members were enrolled Saturday night. The following officers were elected: President, F. S. Lewin; vice president, F. Kreuzberger; secretary, J. Gallagher; treasurer, W. Aspern; trustees, H. H. Breucker, C. R. Copeland and J. Anderson.

A resolution was passed unanimously endorsing Paul W. Wuthe, candidate for justice of the peace of Brooklyn township. Other candidates will be endorsed at the meeting next Thursday night.

The Alameda branch of the Woman's California Republican Club held a largely attended meeting at the home of Mrs. Thomas Mein at Lake and Jackson streets yesterday afternoon. Among those present were Hon. W. C. Ralston, candidate for governor on the Republican ticket, and Mrs. Ralston; Mrs. Helen K. Williams, Republican candidate for lieutenant governor; Mrs. Florence Richmond, president of the state clubs. Mr. Ralston addressed the meeting and related some of his experience with Mr. Mein during the early days. Fred A. Campbell, candidate for county assessor

movement and by request Mrs. Richmond read the poem written by Mr. Campbell during the effort to secure the ballot for women. Mrs. Williams will have the poem published in Nevada to help along the women there in their fight for suffrage. Refreshments were served by Mrs. Mein. Mrs. Campbell announced that these meetings will be held every Monday afternoon at Mrs. Mein's and requested the ladies to come again and extend invitations to their women

friends to be present. There are no dues or expenses. The club is formed for the purpose of working in the interest of Mrs. Williams and other Republican candidates.

John S. Chambers, candidate for controller on the Progressive ticket, is on the way to Santa Cruz and other towns in the interests of his candidacy. He will also visit the towns of the San Joaquin valley.

City Auditor and Assessor George E. Gross has completed arrangements for a thorough tour of Alameda county in the interest of his candidacy. He will be in the office of County Clerk Within the next day or two he will visit every town in the county and will be accompanied by a whirlwind campaign to wind up his canvass for the primary election. Reports from every section of the county indicate that Gross is gathering strength and that he will be nominated by a splendid vote.

Among the many Oakland business men who are supporting County Treasurer M. J. Kelly for re-election is Cashier Charles A. Smith, vice-president of the California Bankers' Association. Kelly is regarded by Smith as the most efficient treasurer Alameda County has ever had, and he thinks that it would be unwise for the voters to make a change in the treasuryship when the public funds are so carefully and sagaciously guarded by Kelly and the treasury is in such excellent shape.

Berkley Republican Club of the Fortieth district met at 6020 Hillcrest avenue last evening. Fred Lewis presiding, E. C. Turner acting as secretary. Resolutions were adopted endorsing J. H. Knowland for Senate and John A. Halpin for member of the Assembly.

The Eugene Stachler Social, Political and Improvement Club held a meeting at its headquarters recently at which Judges Harris and Brown, W. H. L. Hynes, district attorney; Sheriff Frank Barnett, Tax Collector James E. Herber, Assessor C. F. Horner, Auditor Frank Garrison, George Gross, candidate for county clerk; William R. Geary and Arthur Elliston, Progressive candidates for Congress; Police Judges Smith and Sawyer and Justice Quinn, Dr. Tisdell and George Fitzgerald and other speakers were present and made short speeches. The club passed the following resolutions:

Resolved, that George Samuels and Mortimer Smith, justices of the peace (police judges) of the city of Oakland, have announced their candidacies for re-election, and

Whereas, during their incumbency, they have been faithful to duty and have rendered splendid services to this city and have honestly, impartially and intelligently exercised the best of judgment in all matters that have been before them, and

Whereas, it will be of the greatest benefit to our city if both be re-elected, therefore be it

Resolved, that the Eugene Stachler Social, Political and Improvement Club heartily endorse the candidacies of Judges Mortimer Smith and George Samuels, and pledge themselves to work them in an endeavor to re-elect them by a deserving majority, and be it further

Resolved, that a copy of these resolutions be furnished the public press, with a request that they give it every publicity possible.

Attorney J. A. Elston of Berkeley, who gave nomination for Congress from the Sixth District, spoke before an audience in Hayward last night under the auspices of the Union Civic Center. Elston told of his intimate friendship with such men as Max Thelen, "Jack" Eschleman and others of the "group" that rocked the cradle of Progressivism in the collect city arena.

Elston is endorsed by such leaders of his party as Judge William H. Deane, C. E. Snook, John W. Stetson, C. Young, Arthur H. Bred, George Gelder,

LIONEL SURPRISES HIS FRIENDS

"I was concerned about my cousin, Lionel—his financial affairs, you know. I didn't see how he was going to get through the summer and keep his self-respect in the misty suit that had been his stand-by for months. 'But, I declare, if he didn't come blooming out yesterday in the clearest of his own suits—'"

"CHERRY'S is where Lionel bought his suit—that splendid store that sells clothes on CREDIT. He paid just \$22.50. And he told me confidentially that he would have had to wait a whole month longer for a new suit if CHERRY'S hadn't so generously allowed him INSTALLMENT PAYMENTS—just a few dollars each week."

"There's nothing quite so nifty as now as CHERRY'S fall suits, and I'm going to get one today."

CHERRY'S store is between Washington and Clay Sts. at 528 13th St. The San Francisco addresses are 1009 Market and 2400 Mission Sts.

Appraise Oaklanders' Estates for \$12,875

Through the appraisal of two large Alameda county estates, the State has collected a total of \$12,875 in inheritance taxes. One is the estate of the late Ann M. Snyder, mother of A. J. Snyder, a local capitalist. It was appraised at \$357,107. The other is the estate of the late Eliza F. King, appraised at \$258,908.

TOURIST CAMPAIGN TO ATTRACT EASTERNERS

Further steps to attract visitors and tourists to this part of the State, will be discussed at the next monthly meeting of the Central California Tourists' Association, which will be held Thursday afternoon in the rooms of the San Francisco Commercial Club. The Oakland Commercial Club will be represented at the meeting by Leon Clark and Francis Smith.

The Association has representatives in several of the big Eastern cities whose duty is to explain the attractions of Central California to Easterners. Reports from these representatives will probably be received at Thursday's meeting.

ACCUSED BY NEIGHBORS.

Peter J. Petersen, a laundry man, was arrested last night on a charge of disturbing the peace. He was released on bail and will be heard tomorrow in the police court. The complaint is made by neighbors, who declared his actions disturbed them. The police are investigating.

CITROLAX!

It's a laxative, of course—name tells you that. And the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Cryer, Syracuse, N. Y., says: "Have used laxative for 15 years, but this Citrolax has got everything else beat a long way. I will agree with him. It's a good laxative for children and delicate persons. A sour, bilious stomach very quickly and stops headache.—Sold everywhere."

BIG APPLE SHOW SEEN BY CROWDS

Thousands in Attendance at Annual Sebastopol Exhibit

Sebastopol, Aug. 4.—Kilmer Gravenstein came into his own again last night as ruler of the apple kingdom of the Gold Ridge district. Thousands attended the opening of the fifth annual apple fair of Sonoma county. While the predominance, there are peaches and pears and other fruit and agricultural products to testify to the richness of soil and efficiency of climate. For a week the fair will be in progress.

Robert Newton Lynch, vice-president and general manager of the California Development Board, followed the opening address last night. He paid high compliments to the fair and the exhibits and also spoke of the great World's Fair in San Francisco next year. Commissioner Edward H. Brown told how Sonoma county will help the world's fair in the presentation of her finest product of products. President John P. McDowell of the Gravenstein Apple Fair Association declared the address a welcome and Mayor Thomas F. Meagher of this place delivered the official welcome. The speaking was followed by a promenade concert and an inspection of the display.

Petaluma, Aug. 4.—Detectives of the Northwestern Pacific Railroad are here to investigate the robbery of the local depot yesterday. The robbery broke open a money drawer and stole \$30.

Slisson, Aug. 4.—Fire thought to have been of incendiary origin destroyed fifteen dwellings, two churches and one school house yesterday. Fire fighters were unable to reach the water main. Two blocks were laid bare and a property loss of \$40,000 incurred.

Martinez, Aug. 4.—The population of the sixteen townships of Contra Costa county as a basis for township classification has been decided by the Board of Supervisors. The population of the townships is as follows: Martinez, 5777; No. 1, 1111; No. 2, 1111; No. 3, 1111; No. 4, 1111; No. 5, 1111; No. 6, 1111; No. 7, 1111; No. 8, 1111; No. 9, 1111; No. 10, 1111; No. 11, 1111; No. 12, 1111; No. 13, 1111; No. 14, 1111; No. 15, 1111; No. 16, 1111.

Los Angeles, Aug. 4.—Charles T. Healy, a noted civil engineer, the man who originally surveyed the city of Long Beach, died yesterday at the California Hospital, aged 85 years.

Porterville, Aug. 4.—One person was killed and two others injured when an automobile with seven passengers ran off the mountain road to Wishon farm, 35 miles east of here, last night and overturned into the canyon below.

Martinez, Aug. 4.—An old but over-punishment has been given by the Contra Costa Superior Court to D. J. Centeno yesterday. Centeno was sentenced to two years' imprisonment for California by Judge Latimer for shooting Elias Dwyer at Pholo about a month ago.

Redding, Aug. 4.—The Midas mine, in Hamilton county, was taken into the ownership of the Victor Power and Mining Company, which owns the adjoining mine, the Bonanza, last Saturday. When the purchase price of \$120,000 was paid in gold. The Midas is one of the most famous gold producers in Shasta county. Its production to date being close to \$3,000,000.

Monterey, Aug. 4.—That the Pacific Improvement Company will either make a permanent theater in the open air at Del Monte or will establish an outdoor theater in Pacific Grove for summer theatrical performances is the substance of a report which was current in this city yesterday.

Monterey, Aug. 4.—Officers are searching for a man who entered the Del Monte bathing house last night and stole a watch and a ring. The man was seen near the place except a watchman of the Pacific Improvement Company, to which the thief belongs.

Stockton, Aug. 4.—Allan Dodge, a youthful horse thief, was yesterday committed to the fine Industrial School until he reaches the age of 21 years by Judge J. A. Plummer.

Los Angeles, Aug. 4.—Deceitfulness at his failure to build up a practice in the city of Los Angeles was the subject of a lecture by Dr. E. H. C. Jones, D.D., and well known surgeon here.

CREATES NEW CEREAL.
LONDON, Aug. 4.—A new wheat with five parents and inheriting the virtues of each of them is the latest triumph of Professor Rowland Biffen of Cambridge University. It is a peculiarly hardy development, growing from three to three and a half feet in height, stout of straw and also good for milling, and is especially adapted for the exposed soils of the north. This new wheat will be put on the market next year. There are several other wheats and barley to Professor Biffen's credit at the Cambridge farm this year. One of these is a wheat crossed between the Red Fife and the old English wheat known as Broomfield. It is exceedingly heavy cropper and an excellent grain.

ARGUES BIBLICALLY.

Editor TRIBUNE.—Under the above heading in THE TRIBUNE of July 25 I read an article written by W. P. Byler in answer to an article by Joshua W. Sykes written July 9. I have the same delicacy in asking you to print this as Brother Byler had, but hope you will bear with me in this.

In regard to the times of the Gentiles, Luke 21:24-25, "Jerusalem shall be trodden down until the times of the Gentiles be fulfilled." The fact that this is a certain fixed time is clearly shown by the Scriptures. In Leviticus 26:18-24-25, we read how the Jews were to be chastened and punished seven times for their sins. Taking this in connection with many other Scriptures we find that in prophetic times, a "time" is a period of 700 years, and seven times would be 4900 years. This can be proved if any one wishes to investigate. Sacred and secular history both show that Zionism was the last king of Israel, and that his crown was taken away from him October 23, B. C., when the Jews were taken to Babylon. Twenty-five hundred and twenty years from that date would bring the close of Gentile domination to October 23, 1875.

CHANGES IN JERUSALEM.

You wrote an editorial in your paper May 9 of how great changes were taking place in Jerusalem. Everyone can see how the Jews are coming back into favor. Dan. 2:34-35. "In the day of these kings (the kings of Europe) shall the God of heaven set up a kingdom that shall never be destroyed, and that shall not be destroyed, and shall stand forever." The kingdom of the Jews shall break in pieces, and consume all these kingdoms; and it shall stand forever. The interpretation of this is certain. Surmising and guessing is not what people want. The great majority want the Bible clearly proved. If the Bible is true, then the Jews shall be restored to their land, and the world shall be at peace. The Bible is the only book that has been "surmised" away from the truth and very few now believe that the Bible is the word of God, and that all its statements are true. The Bible is not a "spirit clothed in flesh." It is the word of God, and it is the only book that has been "surmised" away from the truth and very few now believe that the Bible is the word of God, and that all its statements are true. The Bible is not a "spirit clothed in flesh." It is the word of God, and it is the only book that has been "surmised" away from the truth and very few now believe that the Bible is the word of God, and that all its statements are true.

Do Modern Dances Make Wrinkles?

It is strictly a newspaper notion that because the dances of the day are strenuous they develop signs of age. Worry and carelessness may make wrinkles, never! Wrinkles are due more to improper care of the skin, neglect and too strenuous mental activity. They may be avoided or cured by using a simple protective and stimulative vegetable cream jelly before retiring. Just get one ounce of it in a pint of water and before retiring, take the wrinkled surface with this cream which goes quickly and both protects against the night air and draws the skin smooth, will not grow hair and immediately forces the blood to build out the flesh so wrinkles disappear.

FLAY BRITISH MARINES' FOOD AND LIVING BUNK

LIVERPOOL, Aug. 4.—The living quarters and food to which the British merchant sailor is subjected constitute a disgrace to civilization, according to Dr. Herbert Williams, medical officer of the port of London, who spoke at the recent Sanitary Congress here. "What would be said," declared Dr. Williams, "if any sanitary authority were permitted to be inhabited a house of two rooms built of impervious materials, each lighted by three immovable windows, seven inches square, and each inhabited by eight men with fourteen square feet of free space available for each man. Furthermore, picture the room heated by a cheap stove, usually broken, with the chimney passing through the only available ventilator. Yet seamen live for many weeks under such conditions. It is an accepted fact that men living under unhealthy conditions degenerate physically and morally. All other speakers declared the food on merchant ships to be unfit to eat and

with the vile and overcrowded forecastles, self-respecting men were forced out of the service. The sending of consumptive men to sea with a view to cure also increase the dangers of disease-breeding quarters.

CLUB PLANS AFFAIRS.
Former members of the Lesadel Social club of East Oakland have been asked to attend a mass meeting the evening of August 11, to consider the advisability of organization of a military drill team and band.

A shirtwaist party to be held in the parish hall Tuesday evening, August 18, to be followed by a combined bay excursion and picnic Sunday, August 30, and "The Parish Priest," a three-act play, to be held early in September, form the features of the club's eventful calendar.

MRS. WILLIAM LEROY NELSON, WHO IS ENTERTAINING VISITOR FROM THE NORTH.

THE other afternoon in Berkeley a sewing club met, that has met in Berkeley for twenty years. It sounds rather simple and domestic, but it is really interesting.

Psychologists might find the singular persistence of this sewing club significant. At least there is demonstrated the natural feminine feeling for the needle. Through vicissitudes of progress, emancipation and suffrage, it survives. Advanced women vote and sex, and more advanced women sew and smoke—though in passing, the fact for cigarettes is unmistakably passé. The society is gone and there is no sport in it anyway, with society approving. But this really deserves separate consideration.

The Berkeley club has sewed through seasons of French embroidery, Irish lace and German cross-stitch. The members have married and raised children. Their daughters sewed at the meeting last Saturday.

Apart from a possible psychological significance there are the changing fashions in needlework through which the Berkeley club has passed. Twenty years ago the members embroidered center-pieces in colors, or did sofa pillows in velvet, and properly spread out. Principally center-pieces in colored silks, later there were center-pieces done in white linen embroidery. After that, the members sewed in velvet, and then Irish lace. A few years ago everything from lingerie to table linen was monogrammed. Then the French embroidery came in and afternoon tea party scenes were like Paris work-shops. German cross-stitch followed and then there was knitting Afghan of a single season would have covered acres, collected, and properly spread out.

What grand-daughters of the Berkeley club may see at future meetings it would be interesting to know.

MRS. WOOLNER ABOARD.

Mrs. Ben Woolner is among the prominent Oakland people abroad, who have found it decidedly difficult to leave Europe. Mrs. Woolner was to have sailed last week on a German liner, but just before the date of sailing the steamer was withdrawn by the German government. She then engaged passage on the Kronland, which sailed from Amsterdam on Sunday. Mrs. Woolner has received no message from her, but is believed she is on board the Kronland bound for New York. Mrs. Woolner has been touring the continent with a party of friends.

MRS. MARX A HOSTESS.

Mrs. Ralph Marx (Rose Gardner) one of the season's attractive brides, was hostess at a brilliant party this afternoon at the Gardner residence in Shattuck avenue. It was given in honor of Miss Mabel Sadler, the fiancée of William Warren Perrier Jr. Among the guests were Mrs. John A. Britton Jr., Mrs. Will Cross, Miss Mildred Abit, Mrs. Dorothy Wilkinson, Miss Georgia Meredith, Miss Anne Hunt, Miss Lenora Salais, Miss Alice Custer, Miss Blanche Ahlers, and Miss George Del McCoy.

GARTHWAITE'S RETURN.

Mrs. Edwin Garthwaite has closed her summer home in Ben Lomond and returned to her residence in Fairmont avenue. Miss Margaret Garthwaite has returned from a two months' sojourn in Mendocino county, and will enter her senior year at the University of California in the fall.

CLOSE COUNTY HOME.

Dr. and Mrs. Daniel Crosby closed their summer home in Monterey on Sunday, and with Miss Virginia and Kenneth Crosby, returned to their residence in Fairmont avenue in Fruitvale. They entertained a number of house guests during the season and enjoyed many motor trips about the coast.

Light And Digestion

(By Lillian Russell)

Copyright, 1914, by LILLIAN RUSSELL.

THERE is an intimate relationship between the combined light and digestion. Digestion and assimilation become imperfect and weak if one is not exposed to the rays of the sun every day. Have you not noticed how much more inclined you are to indigestion on damp days than upon dry, sunny days?

No plant or animal can digest in cellar and it will send forth a tender, pale sprout—shoot out every ray of light and it falls lifeless. It cannot digest and grow in the dark, and behold how the poor hungry vine will stretch itself out toward it.

In this connection I would earnestly advise light, airy dining rooms. Dark furniture, rugs and curtains do not help matters. For the last few years, for what reason I cannot fathom, for all places in the house where good fellowship should exist the dining room takes precedence.

There is a richness and grandeur in dark furnishings, but such places are living tombs. After the eyes become accustomed to dark rooms a gloom settles over the mind. One cannot think properly and a wild desire for fresh air and light drives one away from such places.

Clear out your dark furniture and hangings. Replace them with the lightest substitutes you can find. Let in sunlight all day and illuminate your room well at night. If you expect wit from your guests you must seek the expression of their eyes. The most brilliant verbal expressions of mind require a glance of the eye to denote their trend.

Notice the atmosphere in the dining room darkened by splendor and pomp of fashion. When guests are seated in the room, they immediately become jolly. They whisper their formal greetings to each other, become confidential in their manner to their neighbors, and finally settle down to pick at the food that they can scarcely see and wish for the end of the whole affair.

Remove the dark furniture, the lights, let every one see the whole table and all the guests, and a load is lifted from each heart. A gasp of delight is expressed by every one present and immediately conversation becomes light and jolly. Foods are digested properly, and the host is happy to be there and sorry when it is ended.

Start your day in a sunny breakfast room; sit if you can with the sun pouring in upon your back. It gives you electricity and warms your heart for the whole day. The sun's rays strike on the back, the beautiful red cheeks, the only prunes that become perfectly ripe and sweet, are those that hang from the sunny side of the trees and vines, uncovered by dark leaves.

Remember, as it is with fruit, so it is with people. Sunshine is life. Without it the most beautiful will droop and die.

OAKLAND BOYS & GIRLS

LIVELY TENNIS CONTESTS ARE HELD AT PARKS

The Senior tennis tournament for the Oakland Boys' and Girls' club was held at the Alameda park grounds yesterday.

The final match in the singles was between Kruger and Levy. Kruger won in straight sets.

The two best matches in the singles were the Kruger-Hughes match in the semi-finals and the Kruger-Levy match in the finals.

Hughes was in excellent form and forced Kruger to do his best to win him out.

The final in the singles brought together Kruger and Levy. The latter started out with a rush with a commanding lead, but Kruger, by constant judgment in placing, evened up the score.

From that point Kruger's fine passing shot and clever backhand play came his opponent and the score ended 6-4.

The second set was a walk over for Kruger. Levy was discouraged over the loss of the first set and did not show his best form.

Kruger became more aggressive and finally smothered his opponent by his hard passing shot. He drove everything, service and return, and literally blew his opponent off the court.

The final match in the doubles brought together Kruger and Levy of Mosswood and Hughes and Faulkner of Park Boulevard.

The match was a hard fought one, full of sensational play. The superior team work of the Mosswood team was a large factor in their victory.

RESULTS OF TOURNAMENT.

Singles: First round—Faulkner beat Holson, 6-1; Hughes beat Meyer, 6-0; Kruger beat Levy, 6-4; Kruger beat Levy, 6-4; Kruger beat Levy, 6-4.

Doubles: Kruger and Levy beat Hughes and Faulkner, 6-2.

Many California Girls, Wedded to Foreigners, in Danger

WITH the onset of the world centered on the movement of the European armies, the eyes and hearts of a goodly portion of California are following what is merely an incident in the background of the trouble.

Abroad and these husbands are ready at a moment's notice to answer the call to arms.

Mrs. Archibald Douglas-Dick (Miss Isabelle Parrott) was perhaps the first California girl of prominence to marry abroad, and for some years after her marriage she lived in San Mateo, where her home adjoined that of her mother, Mrs. Abby M. Parrott. For years past, however, Colonel and Mrs. Douglas-Dick and their children have lived in Edinburgh.

Countess Douglas-Dick with her husband during the Boer War and it is more than probable if Great Britain becomes involved in the hostilities that he will resume command of his old regiment.

Countess de la Lande, who was Miss May Parrott and a sister of Mrs. Douglas-Dick, followed her sister's lead in marrying a foreigner, her wedding having been an important event here a year or two after that of Miss Isabelle Parrott. She is living in Paris.

Princess Andre Poniatowski—the former Miss Beth Sperry—is also living in France, and it is quite possible that Prince Poniatowski will be summoned to serve his country.

Mrs. Kirk Albert and Mrs. Raoul Duval are also among the California girls whose husbands will probably take their part in the great conflict. Mr. and Mrs. Duval are here at present, having been passing the summer at Burlingame, where, as Miss Beatrice Tobin, Mrs. Duval resigned as a belle.

Mr. and Mrs. Kirk Albert are in Paris, where they have lived since their marriage some years ago. Mrs. Albert was Miss Florence Whitwell and is a daughter of Mrs. A. P. Whitwell.

Miss Bernadette Robinson, the daughter of the late Dr. and Mrs. Luke Robinson, and a sister of Mrs. George Talant, married Lieutenant David Trez of the Italian army.

Among California girls whose husbands will cast their fortunes with Germany are Countess Lovenhaust von Faulkenstein, Princess Hatzfeld, Mrs. Alfred Muller and Mrs. Alfred Hurlen.

Countess von Falkenstein was Miss Aimee Keyes, the daughter of the late Winfield Keyes of San Francisco and a niece of Mrs. Alexander Loughborough.

She has lived abroad for many years, dividing her time between England and France, but has made frequent visits to her old home.

Princess Hatzfeld was a Sacramento girl—Miss Clara Frenchie, who, a niece of Col. P. Huntington, was adopted by him. Mrs. Alfred Hurlen was Miss Mattie Livermore, daughter of Horatio Livermore and a sister of Miss Edith and Miss Elizabeth Livermore and of Norman Livermore.

The Hurlens and the Livermores are at present living in Canada. Mrs. Alfred Muller is a recent bride and was Miss Camille Reas, a cousin of Miss Joella Reas of Ross.

Baroness Jan Cotel van Panthoulen van Eck, who, until a few weeks ago, was Miss Agnes Tillman, will probably also have to give up her husband to his country's needs.

More than a dozen California girls are registered among the subjects of Great Britain, their homes being divided between England, Ireland and Scotland.

MRS. CLAUS SPRECKELS IS AMONG REFUGEES.

SAN FRANCISCO, Aug. 4.—Mrs. Claus Augustus Spreckels, Mrs. William G. Irwin, widow of the late millionaire sugar magnate, and Miss Orville Wooster, a niece of Mrs. Spreckels, are among the thousands of Americans detained in Europe.

Mrs. Spreckels recently wrote from Carlsbad saying that she and her companions were contemplating an automobile tour through Austrian Tyrol and thence to Venice. They planned to arrive in Paris in September.

MRS. BRUGUIERE'S HOME SOLD FOR MORTGAGE.

NEWPORT, R. I., Aug. 4.—"Castledown," the pretty summer estate of Mrs. Emilie S. Bruguiere on Coddington Point, has at last been sold at mortgage sale, it being bought in yesterday by the holder of the mortgage, the Savings Bank of Newport, which had a \$30,000 lien on the place.

The newspapers happily have proven the relative photographs of many suffrage leaders that they are up to the minute, both as to clothes and as to beauty, and we contend that women are beautiful because they have learned to care for themselves and study beauty methods. Then, too, we have found an astonishing thing—namely, that they have discarded face powder. The reason complexions suffer so much in summer is because powder does not offer sufficient protection against the hot sun. A plain surmount lotion not only safeguards the skin from the elements but in itself is a beautifier of great worth.

To prepare this lotion at home, dissolve 4 ounces surmount from druggists in 1/2 pint hot water (or wicker) and add 2 teaspoonfuls glycerine. This applied to the skin becomes invisible and imparts a velvety softness and dainty tint to a rough, faded skin, relieving that shiny, oily appearance, and its use will insure a lovely, clear complexion.

BY DESERTED WIFE.

SAN FRANCISCO, Aug. 4.—Mrs. Ellen A. Horen, daughter of Elbridge Gerry Paddock, a wealthy ranchman of Campbell, Santa Clara county, filed yesterday suit for divorce from Maurice V. Horen, an automobile agent in Sydney, Australia. Mrs. Horen charges that through a newspaper clipping three months ago she learned of her husband's marriage to a Miss Emily Bullitt, just two years

DETECTIVE A FLIRT? OUI! BUT WHY? IS QUESTION!

Parisianes Are Now Nervous

PARIS Aug. 4.—The "Five Million Dollar Ball," as the American visitors to Paris called it, has come and gone, and as a result several Parisianes are now nervous.

They are nervous themselves on their ability as tangoists, as well as on the success of the ball, and several of the women who danced with many gay maskers—are wondering who it was that flirted so horribly with Mons. Leguere, the detective.

Not knowing who it was, Mons. Leguere won't tell, of course, and the other detectives, while they didn't mention the lady's name, certainly did spread the report of the flirtation about the police station.

The detectives were there to guard the thousands of pounds worth of jewels—and, of course, came as guests. The detective in question was very attentive to several guests, and they don't know whether it was their charms or his suspicions of them that made him so. Also, the detective was very attentive to the guests, and they don't know whether it was their charms or his suspicions of them that made him so.

The great jewel was the Princess Jacques de Broglie, who herself was a very charming hostess in a mantle of white pearls. Also, she was very attentive to a number of the guests, one of whom might have been the famous detective, according to the gossip.

The guests came in the characters of jewels. There were "Rubies," "Diamonds," "Pearls," and "Gems." The guests came in the characters of jewels. There were "Rubies," "Diamonds," "Pearls," and "Gems."

PRINCESS JACQUES DE BROGLIE, WHO ENTERTAINED DETECTIVES AND SET A WAGGING IN PARIS IN HER FAMOUS "PEARL ROBE."

"Good Health is Largely a Question of Habit," Says

Madame Ise'bell

"Don't Nourish Physical Idiosyncrasies."

GET THE HABIT OF GOOD HEALTH.

Most of us have heard that familiar expression of the country storekeeper, "You're enjoying poor health," and smiled over it, yet we know some people who have such a fondness for their physical ailments that they might almost be described as "enjoying" them. They speak of "my rheumatism," "my neuralgia," or "my nervous system," and I in herited from my mother's family, as if there was something peculiar and precious in these sensations.

It is a trait in human nature to exaggerate and magnify its possessions. One of Shakespeare's characters points with pride to his unwholesome kitchen, which is a "poor thing, but mine own." And so it is with each of us; we may know in our heart that our possession would not pass for a thing of value, but we still we cherish it, even to deformities, just because it is ours. And this explains the woman who "enjoys" her "poor health." She has so little in her narrow life that her thoughts naturally turn to her physical well-being, which comes to be of great importance.

While this interest in one's physical idiosyncrasies may under some conditions be natural, it is neither wise nor healthy. We should look out not in any pain rather than to coddle it.

This does not mean neglect or refusing to take warning by physical signals that may point to trouble of a serious nature. Without going into the various forms of mind cure that have become prominent of late years, I want to emphasize the wonderful curative effect of an optimistic attitude towards any ailment. It may be best to "enjoy" your ailment, but to any one whose ailment is no better, no worse than that of your neighbors, there is nothing peculiar in your brand of neuritis or your indigestion. They are very much like those "enjoyed" by all the world.

It is the little ail that always throws her and then she slams the window down and she won't get back. That is not a bad idea, certainly a wise plan than assuming that we have to live with them forever.

Mrs. Horen, who since 1911 has worked in San Francisco as a stenographer, was in the company of her husband, Howard Eaton, and Elbridge Gerry, March 29, 1911, and went to Australia, where he took the agency for an American automobile firm. The Horens were married on September 30, 1903, in Dickenson, N. D., and moved to Alaska, where, in 1904, the first child was born. Seven years later Horen left her in San Francisco, according to the complaint. Mrs. Horen alleges that her husband has another child by his second wife. She asks \$100 a month alimony and permission to resume her maiden name.

TO ARBITRATE TRAINMEN'S DEMANDS

Representatives of Western Railways and Engineers Sign Formal Agreement.

WASHINGTON, Aug. 4.—Peace in the railway world west of the Mississippi River for the next eighteen months is at least assured early today when representatives of 98 railroads and sixty thousand engineers and firemen signed an agreement to submit their differences to arbitration. It was the culmination of an effort of the Federal Board of Mediation to avert what President Wilson characterized as "a national disaster" and followed the President's appeal to the railroads to place patriotism above property interests they agreed to arbitration under a plan already approved by the mediators and the employees, although they feared that all the merits of their case could not be considered. When the board of arbitration is organized its hearings will take place in Chicago. The railroads and their employees will immediately select two arbitrators each and they will select two others. If they fail to agree on that point, the Board of Mediation will act.

The hearings must be begun within thirty days after organization of the board, and its award must be made within the next ninety days. It will become effective ten days later and continue for one year.

Republican Congress Predicted by Leaders

CHICAGO, Aug. 4.—Republican state chairman of seven states, in conference here, issued a statement last night predicting Republican gains this year in the state legislatures enough to give control of Congress to the Republicans if the same ratio were to prevail throughout the country.

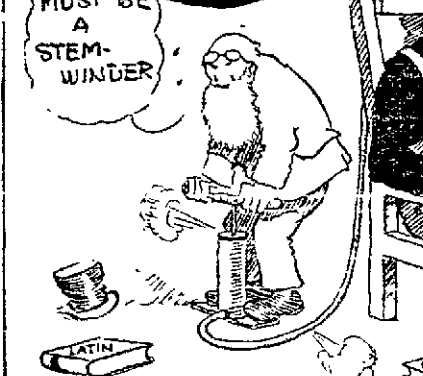

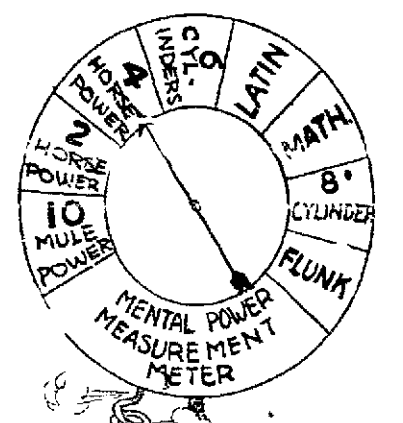

The conference was called by W. J. Hays, chairman for Indiana. The others present were T. J. Sherard of West Virginia, W. L. Parmenter of Ohio, Roy O. West of Illinois, A. J. Grossbeck of Michigan, E. J. Dithmar of Wisconsin and Charles A. Rawson of Iowa. The state chairman of Missouri was absent because of the primary in his state.

The Democratic tariff bill was attacked in the statement.

With a laboratory of "mental measurement" save students from "flunking" this is the question the psychology department of the University of California is soon to face, following the result of the experiments being attempted in the work of the psychological laboratory of the Oakland school department, where Mrs. Winnie C. Hicks has pioneered the work of grading students according to their mental efficiency. Mrs. Hicks delivered a number of lectures on the subject at the Summer Session of the University of California, and has shown many cases where students instead of

YOUTH IMPOLORED FOR AID He Disappears and Is Forgotten Until Killed

SUPERIOR, Aug. 4.—With the head severed from the body and the trunk slashed and mutilated in a frightful manner, the nude body of an unknown youth, supposed to be from Reno, was discovered in the old tankhouse of the California Wine

cases. Posses of officers are scouring the hills around Livermore today for a man and a boy who are believed to have perpetrated the murder, and who were seen Sunday night dragging a youth to the tank house. The motive of the murder is believed to have been revenge.

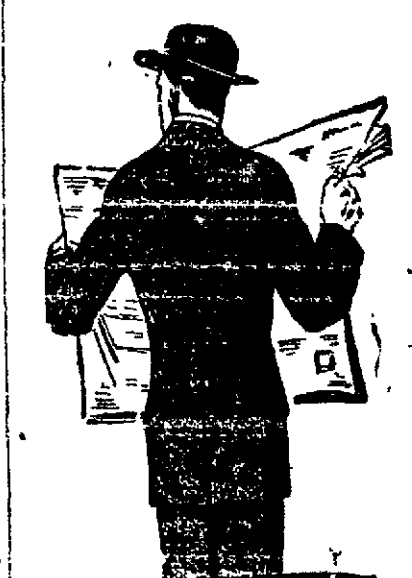

A young man who, it is supposed, was the murdered youth, appealed for protection to City Clerk Smith and Edward Donahue Sunday night from a man whom he said was following him with a knife.

SAW TWO TOGETHER. Smith and Donahue told him to go to the night watchman, but that officer says no one answering the description of the boy called on him Sunday night. Later in the evening several of the citizens saw a man and a boy dragging another youth, who appeared to be intoxicated or drugged, in the direction of the California Wine Company's tankhouse in the west end of the town. Thinking they were merely leading a drunken companion home none interfered with the trio.

As they dragged the young man along, however, the two fiends were contemplating one of the most diabolical murders ever perpetrated in the history of the tankhouse. The murderers must have set upon their victim, who, crazed with drink or possibly drugged, put up a feeble defense. Armed with a razor, the hit of which he had wrapped round with a cloth to prevent the blade closing, one of the murderers must have made the attack while his companion held the defenseless youth.

The head was hacked almost completely from the body adhering only by the cerebra, and not content with killing the Jack the Ripper cut and gashed the trunk, tearing long strips of flesh loose. Long cross-cross gashes extended from the thighs downward to the feet.

FACE ALSO MUTILATED. The face of the murdered youth was mutilated almost beyond recognition by twelve or more deep slashes which must have been delivered with all the strength the murderer could put behind the sharp razor. Their bloody work finished and their revenge complete, the murderers stole off in the early hours of the morning. It is believed the murder was committed late Sunday night or early Monday morning, for although the blood still ran from the gaping wounds, the other appearances of the body indicate that it had lain for a considerable number of hours in the tankhouse before the discovery was made this morning by D. C. McCall, caretaker for the California Wine Company, who lives in a house near the tankhouse, but says he heard no

CARNEGIE GIVES \$140,000 TO OAKLAND FOR NEW LIBRARIES

Four Branches to Be Established in Districts of City Under Donor's Term

Four new branch free public libraries, the gift of Andrew Carnegie, are to be built in Oakland as soon as suitable sites, in proper districts of the city, are obtained, according to announcement this morning, when Mayor Frank K. Mott made public the latest gift of the Carnegie Corporation of New York, by which \$140,000 is to be turned over to Oakland. The new library buildings will cost \$35,000 apiece, and will be operated under the present city Carnegie library as branches of that institution.

The gift is the result of a recent conference between the Carnegie Corporation, Mr. S. Greene and Secretary James Bertram of the Carnegie Corporation, when, after attending the National Convention of Librarians at Washington, D. C., Greene outlined the needs of Oakland's growing library service and branches to the officers of the corporation. Following this

complete, ready for occupancy and for the purpose intended.

"Before any expenditure on buildings or plans is incurred the approval of the proposed plans by the Carnegie Corporation of New York must be secured, to obtain which please send tentative plans for inspection. Very truly yours,

By James Bertram, Secretary."

CITY'S REQUEST.
Mayor Mott's application for the appropriation was as follows:
"To the Carnegie Corporation, 375 Fifth Avenue, New York City, New York—Gentlemen: In 1908, with a view to the betterment of our city, we have the honor to inform you of your body and Mr. Charles S. Greene, Secretary of the Carnegie Corporation, held at your offices on May 21 and reported to me by Mr. Greene on his return that you had agreed to contribute to the Carnegie Corporation, an application for an appropriation of one hundred and forty thousand dollars (\$140,000) for four (4) branch public library buildings for the City of Oakland.

"The census of 1900 showed Oakland's population to be 58,840 and that of 1910 made it 150,174. This gain of more than \$0,900 in the decade has been exceeded in the four years since 1910 and an estimate on that basis of increase gives the city more than 152,000 population at this time.

"There are now ten branches of the Public Library, all in rented structures aggregating a yearly circulation of more than 20,000 books each. By consolidating some of these rented stations, the erection of four suitable city branch buildings would meet a great need in the library's operations.

AUDITORIUMS.

"We have estimated the amount at thirty-five thousand dollars (\$35,000) for each building as necessary to erect a concrete or brick structure of suitable size containing a small auditorium and other adjuncts to a modern city branch library. Plans would, of course, be submitted to you for your approval or criticism. Sites will be provided by the city outside of the Carnegie gift and the required 10 per cent of the gift will be guaranteed by the city for annual support of the branches. In this connection

I have pleasure in calling your attention to the fact that the City of Oakland has met the obligation in the gift of fifty thousand dollars (\$50,000) which Mr. Carnegie made in 1899 to build the present Carnegie Public Library building. The city at that time guaranteed to appropriate four thousand dollars (\$4,000) a year

of the library for the fiscal year ending today was \$11,000 approximately, of which the city paid \$10,000 and the county of Alameda \$1,000.

"The library, in all of its activities, has more than expanded with the growth of Oakland.

"Further data concerning the operation of the library will be furnished the Carnegie Corporation as fully as you wish. Under separate cover, I am sending herewith a report of the library. That of the fiscal year 1913-1914 mentioned herein, is not yet in print.

"In planning this request before the Carnegie Corporation, I desire to express the continued appreciation of the citizens of Oakland for the original gift by Mr. Carnegie which made possible the development of the public library work here and thereby largely contributed to the welfare and happiness of our people.

Yours very truly,
"FRANK K. MOTT,
"Mayor of the City of Oakland."

TERMS OF GIFT.

Under the terms of the gift, the city will provide suitable sites for the branch library buildings and the City Council must guarantee not less than three thousand five hundred dollars (\$3,500) per year for the maintenance and operation of each library building.

Mayor Mott, in making announcement of this gift, said:

"It is with much pleasure that I have received word of the favorable action in this matter by the Carnegie Corporation. The city of Oakland gains, of course, a fine addition to its public library facilities and I desire to express my thanks to Mr. Carnegie for his activity and original efforts, which resulted in this gift to the city.

It is planned, according to the city officials, to secure sites for the libraries in the Dimmock, Rock Ridge, Alameda and Santa Fe districts, an appropriation will be made for the land in next year's budget.

Coal Mines Close as Miners Quit Work

KANSAS CITY, Mo., Aug. 4.—Twenty-six coal mines throughout Kansas were obliged to close down yesterday when 3,000 miners, members of the United Mine Workers of America, walked out. The miners asserted they have no contract under which to continue work, their former biennial contract having expired July 31.

At present, however, a joint conference of operators and representatives of the United Mine Workers of America in Missouri, Kansas, Arkansas and Oklahoma is meeting here daily, drawing up a new contract. A resolution was passed several weeks ago providing for the men to continue work under the old contract until a new one had been agreed upon. The walkout, it is said, is the result of a misunderstanding of the resolution on the part of the miners.

EAGLES MAY HOLD 1915 CONVENTION IN OAKLAND

That the 1915 session of the Grand Aerie of the Fraternal Order of Eagles, be held in Oakland, was strongly urged at the sixteenth annual convention of the order now being held in Kansas City. Representatives of a number of aeries urged the holding of the 1915 session in their own cities, but Oakland was most frequently mentioned. More than 10,000 people are present.

WOMEN'S CLUB FORMED.

Permanent organization of the Lake View Women's Improvement Club was effected yesterday afternoon at a meeting held in the new Lake View school building on the corner of Grand avenue and Perry street. The membership roll consists of about seventy-five names, with the following officers: President, Mrs. W. M. Hall; vice-president, Mrs. A. W. Baker; secretary, Mrs. Arthur Selby; corresponding secretary, Mrs. Gus H. Bradd; treasurer, Mrs. J. P. Potter; auditors, Mrs. R. M. Higgins and Mrs. W. N. Jenkins.

A constitution was adopted at yesterday's meeting and the object of the club set forth. In the sentence, "Improvement, educationally, politically and economically."

HOLD LADIES' NIGHT.

The Irish-American League of Alameda county will give a ladies' night at their hall on Monday evening, August 19. Music, refreshments, dancing and literary exercises will be the features of the evening. Many of the candidates for the various offices have been invited. The league will hold its annual outing on September 20 at Lafayette park, Stege junction.

JUDGES ENDORSED.

Unanimous endorsement has been voted Police Judges George Samuels and Mortimer Smith, who will appear on the ballot on August 25 as candidates for justices of the peace, Oakland city (their present offices) by the Teamsters' Union, the Irish-American League, the Melrose Civic Center and the Bench and Bar Association.

SUICIDE ATTEMPT FAILS.

SAN FRANCISCO, Aug. 4.—Declaring that life had lost all charm for him since his wife left him, Harry Keller, an automobile driver of 1335 Larkin street, attempted suicide this morning by jumping from a bridge over the bay. He slashed his wrist with a pocket knife. He was taken to the Central Emergency hospital, where his injuries were found to be slight.

CABIRIA TO BE SHOWN.

The noted photoplay, "Cabiria," is coming to the Macdonough for a stay of two weeks, commencing on the 23d. Hundreds will doubtless avail themselves of the opportunity to see this D'Annunzio production.

Quarantine Urged as Social Prophylactic

PHILADELPHIA, Aug. 4.—A nation-wide fight to stamp out social diseases in the United States by placing all patients under government supervision was started here yesterday at the opening of the eighteenth annual convention of the American Osteopathic Association. More than 2,000 osteopaths from all parts of the country are in attendance. A resolution adopted asks the cooperation of every school of practice in having state laws passed to make compulsory the reporting of all cases of social diseases to established state bureaus. The records of these bureaus, according to the plan, would not be open to inspection and the sufferers would be protected from publicity.

POLICE CRACK ATHLETICS

There is joy in the police station. The stalwart guardians of the law have been relieved of gymnasium duty—temporarily—for the contract with the late David Farquharson, president of the California Sons and Loam Society, filed his father's will for probate in the Superior court today. The estate is valued at \$105,700.

FARQUHARSON WILL FILED.

SAN FRANCISCO, Aug. 4.—Chas. D. Farquharson, son and sole heir of the late David Farquharson, president of the California Sons and Loam Society, filed his father's will for probate in the Superior court today. The estate is valued at \$105,700.

HELD FOR CHECK.

H. E. Petersen, a laundry man, alleged to have forged a check which he passed on Chanquet Bros., 734 Broadway, was taken into custody this morning in San Francisco by inspectors Drey, Quigley and McCarthy and is being held for examination in the police court.
